

PHILIPS

Epilator Satinelle Ice

HP6492/11

New ceramic epilator from Philips Norelco

Ice and massage for a more gentle hair removal

Thanks to the soothing properties of ice and an integrated massage system, the new Satinelle Ice significantly reduces the negative sensation normally associated with epilation.

Additional benefits

- For smooth shaving of underarms and bikini line
- Exfoliating body puff
- New ergonomic design
- Two speed settings

Advanced pain reduction system

- Integrated massaging system
- Integrated skin cooler
- Pivoting cooling head

Unique ceramic epilating head

- Curved epilating head
- Higher rotation speed
- Hypo-allergenic ceramic epilating head

Highlights

Integrated skin cooler

Cools and soothes the skin during and immediately after epilation, making hair removal more gentle than ever.

Pivoting cooling head

Follows the body's contours during epilation and immediately calms any negative sensation on the skin.

Integrated massaging system

Works with the skin cooler to distract from the sensation of epilation.

Hypo-allergenic ceramic head

Better skin care by reducing the risk of allergic skin irritation.

Curved epilating head

For improved grip on hair, ensuring that up to 95% of hairs are removed at the root in one stroke.

Higher rotation speed

For more effective hair removal.

Detachable shaving head

For smooth shaving of underarms and bikini line

Exfoliating body puff

Reduces ingrown hair.

New ergonomic design

For easier handling.

2 speed settings

Speed 1 for fine hair, speed 2 for thicker hair.
