

ideacentre AIO 3

PERFORMANCE-DISTILLED.

The clean lines and compact frame of the Lenovo IdeaCentre™ AIO 3 encases a singularly performance-driven machine, with up to AMD Ryzen™ 7 5700U Processors for raw power and ultra-fast performance. And the tiny desk footprint of this quintessential family PC belies its entertainment features, with a wide three-narrow-bezel FHD display and powerful Harman®-certified stereo speakers.

SUPREME PERFORMANCE. INFINITE POSSIBILITIES.

Run your most demanding apps all at once. Experience lightning-fast responsiveness, thanks to industry-leading technology that keeps you productive and entertained.

WHY YOU SHOULD BUY LENOVO IDEACENTRE AIO 3

Unparalleled power density

This space-saving pocket PC hides the raw, unfiltered power of a jet engine. With up to an AMD Ryzen™ 7 5700U Processor, the IdeaCentre AIO 3 thrives under the heaviest performance loads. The up-to-512 GB SSD offers sufficient space for your household's massive media libraries, while benefiting from quick boot and load times and data transfers.

Smart, adaptive design

We've designed the slim and compact IdeaCentre AIO 3 in a way that adapts to how we use our PCs today. That's why the stand comes with a dock to place your mobile phone to enable easier multi-screen engagement or to simply keep your phone in sight so that you won't miss any incoming notifications or calls. The IdeaCentre AIO 3 also improves on its previous generation with two USB 2.0 ports, two USB 3.1 Gen 1 Type-A ports, effectively bumping up max data transfer speeds to 10 GB per second. Other connectivity options include one 1000 LAN, one microphone/earphone combo, one Power DC Jack and one HDMI™-Out.

Wider screen, sharper audio

View more of the screen with the IdeaCentre AIO 3's three-sided narrow bezel FHD display for vibrant colors that surface on screen with crystal-clear quality from almost any angle. And now with an optional touchscreen, you can experience a more intuitive user-experience by clicking and dragging your files directly on the screen. Never compromise your need for clear and rich sounds even though staying at home. The IdeaCentre AIO 3 now streams high-octane, sharply etched audio over its two 3W stereo speakers certified by Harman Kardón®.

Instant privacy, instant login

A thoughtful design to meet your taste for a clean frame and your need for practicality. The hidden camera on the top of the IdeaCentre AIO 3 with up to 5M clarity enhances the authenticity during your video chatting or conferencing. The infrared webcam enables facial recognition that allows you to login instantly. Push it down when you need an extra layer of security.

LENOVO SERVICES

Warranty Upgrades - On-site / In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions (1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
