

ThinkCentre Neo 30a 24 Gen 4

Powered for modern businesses, the new ThinkCentre features dependable power, performance and security at its best. The 13th Gen Intel Core i7 processor supports up to 10 cores and delivers top-notch productivity in any workspace. Its HD Realtek audio and 3W HARMAN stereo speakers bring massive, detailed soundstage that takes online streaming and conferencing to the next level. Security features such as Firmware TPM 2.0 chip, admin password, power-on password and Intel BIOS guard provide end-to-end protection against device and data theft.

Mainstream computing for a variety of business uses

ThinkCentre Neo series offers organizations enhanced manageability and security features, along with additional configuration and expansion options.

Whether working from remote job locations or a corporate space, the Intel Wi-Fi 6 feature enables consistent speed and strong bandwidth at all times. The rear connectivity ports, including dual USB 3.2 Gen 2 allow seamless data transfer and connectivity to monitors and peripherals.

With up to 16GB DDR4 memory support and up to 1TB SSD storage, this AIO device lets users multitask and switch between applications without having to worry about performance and speed.

The device is energy-efficient, with Energy Star 8.0 and EPEAT Silver certifications, ensuring businesses can reduce their environmental impact.
