PHILIPS

Features

4300K bright white light

With the blue coating and silver top design, CrystalVision is offering bright white headlight of 4300K to see and to be seen, for both city and country driving

Car manufacturers' choice*

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standards on modern automobiles. Today, one in two cars in Europe and one in three worldwide, is equipped with Philips lighting.

Change by pairs

Highly recommended to change them by pairs for symetric light performance.

Commended Car lamps

High quality and ultra resistant headlamp

Designed for multiple usage

Which 12V lamp for which function? Philips Automotive offers all car specific functions : high beam, Low beal, front fog , front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, license plate lights, rear position/parking light, interior lights

UV Resistant

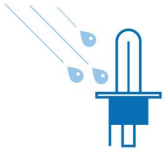
Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, eliminating the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability to withhold increased pressure inside the lamp, UV-quartz glass is able to produce more powerful lighting.

CrystalVision

Resistance against humidity



Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : such as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Product description

Technology	Halogen
Application	Additional high beam High beam Low beam
Designation	H7 CrystalVision
Homologation ECE	NO
Marking ECE	N/A
Range	CrystalVision
Type	H7
Base	PX26d

Electrical characteristics

Voltage	12 V
Wattage	55 W

Lifetime

Life time	B3/Tc = 200/400

Light characteristics

Color temperature	4300 K
Lumens	1140 ±15%

* Application varies per bulb type

data subject to change
