

PHILIPS

Air Purifier

Series 2000

Reduces allergens, gases, odor

Captures 99.97% of particles

Real-time air quality feedback

Ideal for medium to large room

AC2885/40

Intelligent purification

See your air quality with AeraSense

With professional-grade performance, the Philips Air Purifier Series 2000 automatically monitors, reacts and purifies the air – then gives real-time air quality feedback via the numerical display and color ring. Ideal for living room.

Superior purification

- Reduces allergens, gases, odors
- Captures 99.97% of particles that pass through the filter

Intelligent purification

- Automatically monitors, reacts & purifies the air
- Visualized air quality feedback
- 3 smart presettings for different airborne pollutants
- 5 manual settings, including quiet sleep setting

Long-lasting performance

- Ideal for medium to large rooms
- Auto shut-off

Highlights

Superior purification

With cutting edge sensing and purification technology, the Philips Air Purifier Series 2000 is proven to reduce allergens, odors, VOCs and even certain bacteria. The pre-filter and True HEPA filter remove particles. The Active Carbon filter reduces gases and odors.

99.97% filtration

Designed with a multi-stage active filtration system, which captures up to 99.97% of particles that pass through the filter as small as 0.3 microns – the size of most common airborne allergens, particles, bacteria and viruses.

AeraSense technology

AeraSense

Benchmarked against a professional-grade sensor, Philips AeraSense technology is highly effective in sensing even the slightest change in indoor air conditions. It continuously

monitors the air and automatically adjusts the fan speed when it detects a change in particles.

Visualized air quality

In real-time, AeraSense shows you the air quality data via a numerical display and a color ring on the dashboard of the air purifier. The numerical display from 1-12 is an index of the indoor air quality, where 1 is good and 12 is polluted air. The color ring provides an additional visual cue, ranging from blue (good allergen & particle level) to red (bad allergen & particle level).

3 auto modes

The Philips Air Purifier Series 2000 has 3 automatic purification settings: a General mode, an extra-sensitive Allergen mode, and an extra-powerful bacteria and virus mode. You can choose your preferred mode to personalize and optimize your purification.

5 manual settings

In addition to the 3 auto modes, the purifier also has 5 manual modes. Choose one of five different speed settings: from the extra-quiet 'Sleep' mode to the extra-powerful 'Turbo Speed' mode. Pick one that is ideal for your required purification.

Ideal for living room

The Philips Air Purifier Series 2000 has been designed for medium to large rooms, such as a living room. It is recommended for rooms up to 277sq ft.

Auto shut-off

To protect your air quality, the purifier warns you in advance when the filters are wearing out and then shuts down the appliance automatically in the event of an exhausted filter.

Specifications

Performance

Room size: 277 sq. ft. / 15.7 m²

CADR (Smoke): 179 m³/h

CADR (Dust): 198 m³/h

CADR (Pollen): 211 m³/h

0.3µm particle removal: 99.97 %

Ultra fine particle removal: 20 nm

Recommended HEPA life time: 12 months

Recommended AC life time: 6 months

Sound Power: 32-64 dB(A)

Sound Pressure: 20.5-52 dB

Features

VitaShield IPS

AeraSense technology

Air Quality feedback: Numerical

PM2.5 sensor

Modes: 3 auto modes

Aerodynamic design: 3 inlet

Fan speed: 5 settings

Healthy air lock & Alert

Timer: 12 hour(s)

Motor: DC

Design and finishing

Color(s): White

Color of control panel: Black 7 C

Control panel type: Button

Material of main body: ABS

Material of deco ring: PMMA

Technical specifications

Voltage: 110 V

Frequency: 50-60 Hz

Cord length: 1.8 m

Power: 56 W

Weight and dimensions

Weight of product: 7.7 kg

Weight incl. packaging: 9.3 kg

Dimension of product (LxWxH): 412*294*612

Dimension of packaging (LxWxH):

359*240*558 mm

Replacement

Particle filter: 883442240540

AC filter: 883442040540

Country of origin

Made in: China

Sustainability

Packaging: > 90% recycled materials

User manual: 100% recycled paper
