

Philips Sonicare AirFloss
Ultra
Interdental nozzles

2 nozzles

HX8032/23

A triple burst of better gingival health

Efficacy meets compliance for infrequent flossers

For the most effective clean, Philips Sonicare AirFloss Ultra nozzles should be replaced every six months. AirFloss Ultra removes up to 99.9% of plaque biofilm in the treated area.*

Items included

- AirFloss Ultra nozzle: 2

Cleaning performance

- For best results: Change nozzle every 6 months

HX8032/23

Highlights

Guidance tip

Helps ensure correct placement. Slide along tooth's surface near the gumline until the tip fits into the groove between the teeth

High performance nozzle

Features a softer tip for better comfort and a wider spray to cover more interproximal tooth and gum surface.
