

Philips X-tremeVision

car headlight bulb

- H7
- 12V
- 55W

12972XVB1

Feel safe, drive safe

100% more light : boost your vision on the road

Philips X-tremeVision headlight bulbs offers up to 100% more light with a light beam up to 35 meters longer than a standard lamp. X-tremeVision is engineered with state-of-the-art technology for ultimate bright light.

Benefits

Twice as much light for maximum visibility

- X-tremeVision projects 35 m light extra than a standard bulb
- Change both your headlamps at once for more safety
- Wide range of 12V lamps to meet all functions
- Greater driving comfort and safety

Original Equipment manufacturer

- Philips is the choice of all major car manufacturers
- Respecting high quality standards of the ECE homologation

- Award winning car lamp manufacturer

Very high quality and ultra resistant car lamp

- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant against humidity
- Philips car lamps are highly UV resistant

PHILIPS

Features

100% more light on the road

Based on a unique filament design and optimized geometry, X-tremeVision is engineered with state-of-the-art technology for ultimate performance and bright, white light where it matters the most.

Car manufacturer choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

Change by pairs

Highly recommended to change them by pairs for symmetric light performance

Designed for multiple usage

Which 12V lamp for which function ? Philips Automotive offering includes all car specific functions : high beam, Low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, license plate lights, rear position/parking light, interior lights.

ECE homologation

Philips Automotive is dedicated to producing best-in-class products and services in the Original Equipment Manufacturer market as well as in aftermarket. Our products are manufactured from high-quality materials and tested to the highest specifications to maximize the safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements

High quality and visibility

X-treme Vision provides you with a better reactivity thanks to an earlier recognition of obstacles and traffic signs. Light is a fundamental part of the driving experience and light is the first and only part of the safety circle that actually helps prevent accidents. Philips promotes active safety protection to prevent accidents by increasing overall visibility and road illumination.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

Reward Car lamps

Our lamps are often rewarded by automotive experts

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

Specifications

Packaging Data

Packaging type	B1
EAN1	8727900350401
EAN3	8727900350418

Electrical characteristics

Voltage	12 V
Wattage	55 W

Lifetime

Life time	B3/Tc = 200/400
-----------	-----------------

Light characteristics

Lumens	1500 ±10% lm
--------	--------------

Ordering information

Order entry	12972XVB1
Ordering code	35040130

Outerpack information

Gross weight per piece	0.3 kg
Height	14.2 cm
Length	25.5 cm
Width	14.1 cm

Product description

Type	H7
Application	High beam Front fog light Low beam
Designation	H7 X-tremeVision
Homologation ECE	YES
Marking ECE	E1 22Z
Range	X-TremeVision
Technology	Halogen
Base	PX26d

Packed product information

Gross weight per piece	30 g
Height	13.5 cm
Length	3.5 cm
Net weight per piece	12.4 g
Pack Quantity / MOQ	10
Width	9.5 cm

Marketing specifications

Expected benefits	More light
Product highlight	100% more light
