Maintenance

NanoProtect filter Series 3 (FY2180/30)

When display shows

• Time to clean the NanoProtect filter Series 3

When display shows

• Time to replace the NanoProtect
filter Series 3

• Press  to check filter lifetime status.

• Press  for 3 seconds to reset after cleaning or replacing filter.

The filter may produce smell after being used for a while because of the absorption of indoor air. Remove the filter and place it where it has direct sunlight and ventilation for several hours. Re-install and try using it again. If the odor remains, please replace the filter.
