

Philips
Kettle

1.7 liter
1300W
Copper

HD9322/70

Designed to last

Made for long lasting usage lifetime

The stylish metal electric kettle has a flat heating element that boils water quickly and is easy to clean. Thanks to its spring lid mechanism, the lid is easy and convenient to open.

Easy to experience

- Easy lid and spout filling
- Spring lid with large opening for easy filling and cleaning
- Pilot light indicates when the kettle is switched on
- Power cord winder for easy storage
- Cordless 360° pirouette base for easy lifting and placing
- Easy to read water level indicator

Fast boiling and easy cleaning

- Flat heating element for fast boiling and easy cleaning
- Robust kettle with copper stainless steel body
- Micro-mesh filter for a clean cup of water

Safe to use

- Multi safety system

PHILIPS

Kettle
1.7 liter 1300W, Copper

HD9322/70

Highlights

Cordless 360° pirouette base

Cordless 360° pirouette base for easy lifting and placing.

Spring lid

Spring lid with large opening for easy filling and cleaning, also avoiding steam contact.

Power cord winder

The cord can be wrapped around the base, so that the kettle is easy to place in your kitchen.

Easy lid and spout filling

The kettle can be filled via the spout or by opening the hinged lid.

Pilot light

Elegant light incorporated in the on/off switch indicates when the kettle is on.

Flat heating element

The stainless steel concealed element ensures fast boiling and easy cleaning.

Multi safety system

Multi safety system against boil-dry, with auto switch off when ready or when lifted from the base.

Water level indicator

Easy to read water level indicator

Robust metal kettle

Robust metal kettle with copper stainless steel body is stylish and made for long lasting usage lifetime.

Micro-mesh filter

The removable micro-mesh filter on the spout restrains all scale particles with size > 200 micron and ensures that the water you put into your cup is clean.
