hp no.26 black inkjet print cartridge

The HP No.26 (51626ae/ge*) Black Inkjet Print Cartridge is a high quality and extremely versatile cartridge used mainly with the HP Deskjet 400 & 500 series and the HP Deskwriter 500 series; it is also compatible with the HP Officejet LX 350c and HP Designjets 200, 220 and 600.

economical high quality printing

HP's dye-based ink ensures crisp black text and graphics from the first to last page. This proprietary ink is also water-resistant and fast drying. The No.26 cartridge provides an attractive combination of competitive pricing and the high quality output that customers expect of HP inkjet supplies.

maximum productivity and convenience

The No.26 cartridge's 40ml capacity produces an average of 794 pages at 5% density, offering a competitive cost-per-page for frequent users. A simple drop-in, snap-out action allows quick, easy and clean replacement.

low cost option for low volume users

In addition to the standard cartridge, there is also a reduced volume option (51626ge)* with a 20ml capacity, which produces on average 397 pages at 5% density. This product is designed to appeal to infrequent users, for whom a low cartridge price is often a key purchasing decision.

*Available in the UK, France and Ireland only.
