

JBL 4312G

3-way 12" (300mm) Studio Monitor Bookshelf Loudspeaker

JBL Sound: A Heritage of Excellence

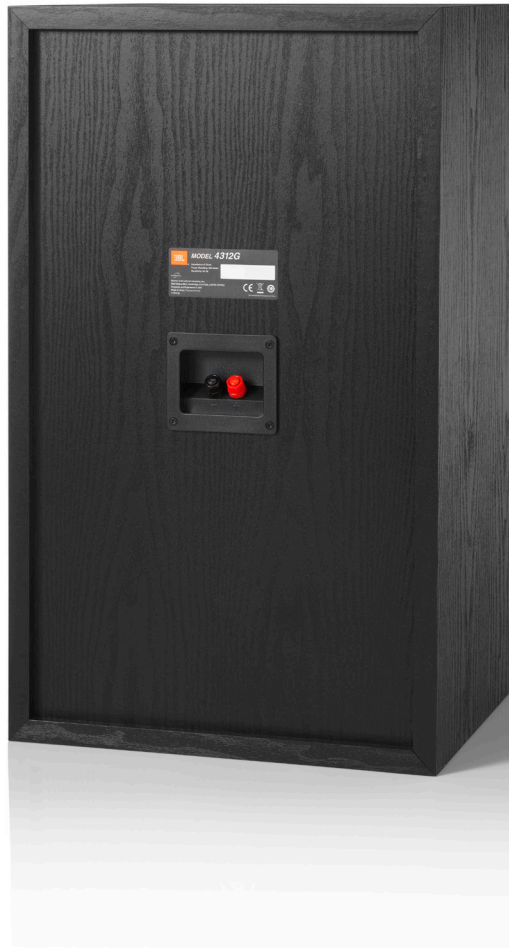

JBL loudspeakers have been a top choice of music and movie professionals for more than 70 years. They provide incredible sound in movie theaters, concert venues, recording studios, and houses of worship worldwide. But you don't need to be a professional to enjoy legendary JBL sound. Our home products and systems leverage the same cutting edge technology and acoustic advancements the pros rely on.

JBL 4312G 3-way Studio Monitor Loudspeaker

The 4312G honors JBL's storied legacy with the iconic 12-inch (300mm) 3-way configuration that dates back all the way to 1968. Crafted in the mold of the legendary 4310/4311 family, and the more recent 70th Anniversary 4312SE, the 4312G delivers thundering, clear bass, with crystalline and precise highs, even at the highest listening levels.
