PHILIPS

Features

DivX Plus HD Certified

DivX Plus HD on your Blu-ray player and/or DVD player offers the latest in DivX technology to let you enjoy HD videos and movies from the Internet directly on your Philips HDTV or PC. DivX Plus HD supports the playback of DivX Plus content (H.264 HD video with high-quality AAC audio in an MKV file container) while also supporting previous versions of DivX video up to 1080p. DivX Plus HD for true HD digital video.

Video in multiple formats

Play and enjoy a comprehensive range of video formats—from high definition formats like MPEG 1/2/4 (MPEG 4 Part 2), H.264, VC-1, H.263, VP6 (640 x 480), DivX Plus HD, DivX 3/4/5/6, Xvid, RMVB 8/9/10, RM, WMV (V9), AVI, TS, M2TS, TP, TRP, ISO, VOB, DAT, MP4, MPEG, MPG, MOV(MPEG 4, H.264), ASF, FLV (640 x 480), MKV, M4V—without the hassle of converting files. Just press Play to start watching any videos or movies in superb cinematic quality, delivered in vivid surrounding sound.

Media content from hard disk

Relax and enjoy your media content from your hard disk without worrying about file format compatibility. Simply playback your content knowing that your Philips player supports most popular HDD formats like FAT32, FAT etc.

Photo in various formats

View and enjoy your photos in a wide range of formats, including JPEG, JPG, M-JPEG, PNG, TIF, TIFF, GIF, BMP and HD JPEG — directly on your wide-screen TV! Turn your living room into a photo gallery and share wonderful memories with your friends and family.

Music in different media files

Listen to your favourite music—whatever the audio format—and enjoy it in crystal clear sound. The Philips player allows easy access to a wide range of audio formats from Dolby Digital, AAC, RA, OGG, MKA, MP3, WAV, APE, FLAC, DTS, LPCM, PCM, WMA (V9), IMP/MS ADPCM and WMA Pro.

Dolby Digital DTS2.0

DLNA PC Media Link

The DLNA PC Media Link provides easy access to videos, photos and music content on your PC or home network. By connecting your media player to your home network, you will be able to access content from all DLNA certified devices seamlessly. Browse your PC collection of multimedia from your player at a push of a button.

SimplyShare TV

Share photos, music and films through SimplyShare from your smart phone, tablet or computer and enjoy them on the big screen.

Smart TV

Smart TV offers an easy & wireless TV experience on 4 pillars. Net TV lets you enjoy a wealth of online apps on your TV: rent movies, watch catch-up TV and enjoy social media. Stay in Control: change channels or enter text with your smartphone or tablet. Use SimplyShare to stream photos, music and videos from your computer, phone & tablet to your TV.

Net TV (HD media player)

Experience a rich selection of online services with Net TV. Enjoy movies, pictures, infotainment and other online contents directly on your TV via the Philips HD media player whenever you like. Simply connect the player directly to your home network through a wired or wireless connection, then navigate and select what you want to watch with the remote control. The Philips menu gives you access to popular Net TV services fitted for your TV screen.
