Electric Pressure Cooker

Dual-pulse pressure technology

iSpiral IH technology
Flame Pot
5L, 1500W

HD2190/11

Brings out flavor — each mouthful is delicious

Dual-pulse pressure+iSpiral IH brings out the flav

New Philips IH pressure cooker with innovative dual-pulse pressure technology and iSpiral IH technology to maximize flavor and nutrients, easily helping you to cook tasty meals!

Innovative dual-pulse pressure technology

- High pressure helps to open cell walls and maximize flavor
- Pulsed micro-pressure boils food and enhances taste

iSpiral IH heating technology

- iSpiral IH tech forms vortex improves heat uniformity
- Flame pot with designed pattern makes heating even

Multiple innovations

- Reduced pressure release time, open lid right after cooking
- Add Ingredients function for more nutritious and tasty food
- Sauce thickening for richer sauces and tastier dishes

Unique design

- Innovative hi-tech fully hidden panel
- Inner pot pressure is displayed on the user interface

PHILIPS

Highlights

Unique high-pulse pressure

Maximum flavor and nutrients unlocked by differences in pressure on the ingredients due to the dynamic pulsed high-pressure technology that effectively opens cell walls.

Unique Flame Pot

Patented flame design effectively increases heat reflection, enhancing and guaranteeing efficient thermal conductivity.

Add ingredients during cooking

Just press the Add Ingredients During Cooking button at any time during the cooking process to add or stir ingredients, making cooking easier and food more nutritious and delicious

Unique pulsed micro-pressure

Flavor and taste are enhanced by stirring effect due to the pulsed micro-pressure technology

Silent turbo pressure release

Silent turbo pressure release technology enables immediate lid opening after cooking finishes; you don't need to manually release the pressure or wait for the pot naturally cools down.

Inner pot pressure

Inner pot pressure is displayed on the user interface

Sauce thickening function

After releasing pressure, you can use Reduce Sauce for Flavor for high-power boiling for richer sauces and tastier dishes!

iSpiral IH technology

iSpiral IH technology, combined with 1500 watts of heating power, forms a strong vortex that greatly improves heat uniformity

Innovative fully hidden panel

Hi-tech fully hidden panel: all features light up on panel once the cooker is powered up.

Specifications

Accessories

- Included: Measuring cup, Rice scoop, Soup scoop

- Voltage: 200 V
- Power: 1500 W

Technical specifications

- Capacity bowl: 5 L
- Cord length: 1 m
- Frequency: 50 Hz

Design

- Color: Champagne gold & black

Finishing

- Material of main body: High-quality VCM

Issue date 2016-10-17

Version: 2.1.1
