Highlights

Superior performance

Philips NanoProtect HEPA Series 2 filter is made of high quality material. It can capture up to 99.97% of particles even as small as 0.3 microns - the size of most common airborne allergens, harmful particles, bacteria and viruses. The high grade filter with firm and stable structure ensures all the air flows through the filter and delivers high filtration efficiency.

Longer lifetime

Philips NanoProtect True HEPA filter has 78 optimized pleats. This covers an unfolded area of about 2m² to ensure a long lifetime up to 12months.
