

Philips Sandwich filter

This integrated HEPA and active carbon filter effectively captures harmful particles as small as 0.003um, incl. PM2.5, allergens, bacteria and virus. It also absorbs and locks formaldehyde, TVOC and odor inside its nano-sized pores.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the six Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Packaging

- Cardboard: minimal of 75% recycled content
- No use of polyvinylchloride (PVC), expanded polystyrene (EPS) in packaging

Substances

- The product is free of polyvinylchloride (PVC)
- The product is free of brominated flame retardants (BFR)

This eco passport applies to FY5186, FY6177, FY8197

Philips Green Product

2 years world-wide warranty
