

Blu-ray Disc/DVD player

- 3D Blu-ray Disc playback
- Miracast™
- Netflix and YouTube
- Built-in Wi-Fi

BDP2385/12

Immerse in 3D and wireless online entertainment

3D Blu-ray playback

Stunning 3D effect in picture depth and action that both leap off the screen and draw you deep into the experience. Enjoy the best of the Internet on your TV with Netflix, YouTube and Miracast.

Benefits

Engage more

- BD-Live (Profile 2.0) to enjoy online Blu-ray bonus content
- EasyLink to control all HDMI CEC devices via a single remote
- USB 2.0 plays video/music from USB flash/hard disk drive
- Built-in Wi-Fi-n for faster, wider wireless performance

Hear more

- Dolby TrueHD for high fidelity sound
- DTS2.0 Digital Out

See more

- Blu-ray 3D Disc playback for a full HD 3D experience at home
- DVD video upscaling to 1080p via HDMI for near-HD images
- Netflix-Streaming TV Episodes and Movies over the Internet
- Unleash your Miracast™- certified device content on your TV

Connect and enjoy all your entertainment

- Watch YouTube videos directly on your big screen TV*

PHILIPS

Features

Blu-ray 3D Disc playback

Full HD 3D provides the illusion of depth for a heightened, realistic cinema viewing experience at home. Separate images for the left and right eyes are recorded in 1920 x 1080 full HD quality and alternately played on screen at a high speed. By watching these images through special glasses that are timed to open and close the left and right lenses in synchronisation with the alternating images, the full-HD 3D viewing experience is created.

Dolby TrueHD

Dolby TrueHD delivers the finest sound from your Blu-ray Discs. Audio reproduced is virtually indistinguishable from the studio master, so you hear what the creators intended for you to hear. Dolby TrueHD completes your high definition entertainment experience.

DVD video upscaling

HDMI 1080p upscaling delivers images that are crystal clear. DVD movies in standard definition can now be enjoyed in high definition resolution - ensuring more details and more true-to-life pictures. Progressive Scan (represented by "p" in "1080p") eliminates the line structure prevalent on TV screens, again ensuring relentlessly sharp images. To top it off, HDMI makes a direct digital connection that can carry uncompressed digital HD video as well as digital multi-channel audio, without conversions to analogue - delivering perfect picture and sound quality, completely free from noise.

EasyLink

EasyLink lets you control multiple devices like DVD players, Blu-ray players, soundbar speakers, home cinema systems and TVs with one remote. It uses HDMI CEC industry-standard protocol to share functionality between devices through the HDMI cable. With one touch of a button, you can operate all your connected HDMI CEC enabled equipment simultaneously. Functions like standby and play can now be carried out with absolute ease.

Wi-Fi-n

Wi-Fi-n, also known as IEEE 802.11n, is the new wireless network standard. It includes many new options to improve the quality of the wireless link, offering faster speed and wider range compared to previous Wi-Fi standards. Wi-Fi-n also features backwards compatibility, which makes it possible for this player to transmit to and receive from routers that operate on older Wi-Fi standards.

Netflix video streaming

NETFLIX

Instantly watch TV episodes and movies as often as you want on your TV. All you need is an Internet connection (either Wi-Fi or Ethernet) and a Netflix membership package that includes streaming*, and you are ready to go.

Miracast™

Miracast™ is a peer-to-peer wireless screencasting standard formed via Wi-Fi Direct connections. Simplified user interface like mirroring the portable device's screen to a bigger screen on a Miracast™ certified device, not limited by pre-built codecs for decoding.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.
