TKE-01411-GS

1.7L Stainless Steel Electric Kettle

EAN 6221127475005

KETTLE

- 1.7 L capacity with fast 2200 W concealed heating element
- Stainless steel body for long-lasting durability
- Push-button lid and removable washable filter for easy use
- Auto shut-off and boil-dry protection for safe operation
- Sleek, efficient design—ideal for home or office

Upgrade your kitchen with the Tornado TKE-01411-GS 1.7 L Stainless Steel Electric Kettle—built for fast, safe, and reliable everyday use. Powered by a concealed 1850–2200 W heating element, it brings water to a boil in just 120–135 seconds, perfect for morning tea, coffee, or quick meal prep.

The hygienic stainless steel body is durable and easy to clean, while the push-button lid allows safe, one-handed operation. A removable, washable filter ensures clean pouring, and boil-dry protection with auto shut-off keeps every use safe and worry-free.

Compact yet powerful, the TKE-01411-GS is a practical addition to any home or office—combining minimalist style with dependable performance.
