- An easy way to improve cleaning between teeth

Easy to use

- Air and micro-droplet technology

- Guidance tip ensures correct placement
- Nozzle designed for easy access to hard-to-reach areas

PHILIPS

Features

An easy way to start

Interproximal cleaning is very important to overall oral health. AirFloss is an easy way to clean deeper between teeth, helping to form a healthy habit. After three months of using AirFloss, 96% of inconsistent flossers continued to use AirFloss four or more days per week.

Air and micro-droplet tech

Guidance tip

The slim angled nozzle and guidance tip make finding the correct placement easy. Just slide along the tooth's surface near the gum line until the tip fits into the groove between the teeth.

Slim, angled nozzle

Slim, angled nozzle designed for easy access to hard-to-reach areas
