

**hp high-gloss
photo paper
for cp series**

**premium
printing
material**

**hp designjet cp,
800 & 500
series printers**

HP High-Gloss Photo Paper – CP is a glossy photo-based printing material that looks, feels and performs like professional photo prints. Designed to work specifically with HP Designjet cp printers, it produces high-impact, photo-quality images that are crisp and sharp. Superior indoor lightfastness ensures lasting, high-quality output.

target customer	application	user needs
graphic artist and designers	• colour separations • final prints	• accurate colour matching • highest quality output
print service provider	• long-term indoor signage	• accurate colour matching • highest quality output • photo-quality finish
retailers	• long-term indoor signage • point-of-purchase displays	• highest quality output • vivid colours
