PHILIPS

Highlights

Romantic soft glow

LED Lights to create a romantic mood lighting effect with a constant glowing light output.

Wireless charging

Easy recharging of the products with wireless induction charger

Cool to touch

While having the light effect the product remains cool to touch because of the Philips LEDs.

No open electricity

By using induction charging and waterproof products the user is not confronted with open electricity.

Weatherproof

Weatherproof for indoor and outdoor use

Unbreakable

There is no chance of broken glass when the plastic candles fall on a hard surface. Safe for any situation where this risk is eminent.

Automatic color sequencing

Choice of seven colors and automatic color sequencing

Innovative LED technology

Low-power LEDs are used in a wide variety of lighting applications requiring a lower level of illumination. These are typically used for decorative ambient lighting and orientation purposes.

Up to 10 hours of light

The Philips LED lamps provide more than an evening of light per charge, and are easily recharged using the wireless induction charger.

Easy to switch on and off

By tilting the LED candle light you can switch it on and off. Surprisingly easy and funny.
