- Improves gingival health in just 2 weeks
- A gentle nudge to go nice and easy
- Connects smart brush handle and smart brush heads
- Engineered to maximize our unique sonic cleaning power
- Patients get the most from their brush heads

PHILIPS

sonicare

Highlights

Up to 99.9% plaque removal

Removes up to 99.9% of plaque from treated areas.**

Better gum health

Philips Sonicare AirFloss Pro/Ultra is clinically proven to improve gum health as much as floss.** Helps improve gum health in as little as two weeks.

Micro-droplet technology

Our clinically-proven results are possible from our unique technology that combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

High performance nozzle

The new Airfloss Pro/Ultra high performance nozzle amplifies the power of our air and micro-droplet technology to be more effective and efficient than ever.

Triple burst customization

AirFloss Pro/Ultra's powerful spray can be customized to your liking, with single, double or triple bursts for each press of the activation button.

Cleans in just 60 seconds

With the AirFloss Pro/Ultra, cleaning your entire mouth takes less than 60 seconds a day. Simply select your burst frequency (single, double or triple), and hold down the activation button for continuous automatic bursts or press and release for manual burst mode.

BrushSync technology

A microchip-enabled technology that detects and synchronizes the smart brush head with the smart handle. The smart handle and smart brush head pair is a powerful combination that enables Smart replacement reminders.

Improves gingival health

The i InterCare brush head features extra-long, densely packed, high-quality bristles to target deep interdental plaque. It is clinically proven to reduce gingival bleeding and inflammation in just two weeks.

Philips Sonicare technology

Philips Sonicare brush heads are vital to our core technology of high-frequency, high-amplitude brush movements performing over 62,000 brush movements per minute. This dynamic cleaning action drives fluid deep between teeth and along the gumline, for a thorough yet gentle cleaning.

Specifications

Modes

- Clean: For exceptional everyday clean
- 2 intensities: Low, High

Items included

- AirFloss Ultra handle: 1
- AirFloss Ultra nozzle: 1
- Handle: 1 ProtectiveClean
