Product highlights

Fruit pulp control

Easily adjust the amount of fruit pulp by turning the jug within the pulp scale.

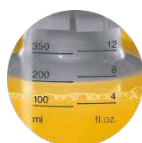

Left & right rotation

Alternating rotation of the juicer cone decreases the strain of squeezing and increases the amount of juice extracted.

Automatic start /stop

Easy handling by simply pressing down the fruit to start and lifting it off to stop.

Practical scale

Very handy for precise dosage for any recipe – like fruit cocktails etc.

Dishwasher safe

Easy & time-saving - can be disassembled with a few quick steps before putting it into the dishwasher.
