Highlights

Playlist on the go

The Playlist on the go function lets you easily create playlists on your GoGear anytime, while on the move. Likewise, the Delete function simply lets you remove any media that you don't want on your player. No need to rely on your home PC to create playlists and delete files. Now you can conveniently manage your music library directly on your GoGear – anytime, anywhere.

SuperScroll™

Double action search keys allow easy speed control when scrolling through large libraries. You can choose to move through your playlist one song or video at a time or just press and hold down a little harder to SuperScroll™ swiftly to your desired file.

Unique album art navigation

Unique album art navigation for a new experience every time
