Highlights

Dynamic bass boost

Innovative technology delivers unbelievably deep, rich bass from compact speakers. Dynamic bass boost emphasizes the bass content of the music throughout the range of volume settings from low to high – at the touch of a button!

Bass with level control

Unique subwoofer design produces a much deeper, richer bass. You also have the possibility to set the bass level to your choice.

6-layer Woofer driver

Strengthened driver coils boost the bass to the max and deepen every beat.

Perfect for MP3, PC, TV & more

Connect your speakers to all your gear. A great way to listen to your MP3 player, PC, TV, CD, DVD and all your multimedia stuff.

MP3 input via your RC

Thanks to the unique direct MP3 input on the remote control you can easily listen to your MP3 player. Simply connect the audio output of your MP3 player to the 3.5 mm jack on the remote control and enjoy your music.

Mylar tweeters

The unique Mylar material of the dual-form dome tweeters ensure incredible sound definition. Music comes to life and movies sound like they were meant to, as the full range of high frequencies is perfectly reproduced.

Stainless steel design & stand

The stylish housing and stand of the speakers are made of stainless steel to increase the durability and the visual performance of the product. A stylish way to enhance the superlative audio performance of your speakers.
