Flat/Tilt Wall or Ceiling Mount with Media Device Storage

FOR 26" TO 60" DISPLAYS

The DST360 offers a "single-box" solution to digital signage and public space flat panel installations. This versatile solution enables ceiling or wall mounting, providing plenty of space for a computer or media box storage. Designed for easy-assembly, this mount incorporates step-by-step installation instructions and a security option ensuring the display stays in place. Enhancing effectiveness of the mounted display, this product, when installed in a ceiling mounted application, incorporates a built-in swivel 360 degrees that positions the display at the perfect angle.

DST360's accessible design provides quick serviceability to your media device without removing the display.
