Superior sound experience

Small size, big entertainment

The small and sturdy GoGear Vibe MP3 player hits the right notes with Philips FullSound to bring your music to life and Songbird for endless music discovery and easy synchronisation. Plus, soft rubber earbuds ensure comfy music enjoyment.

Superb quality sound

- FullSound™ to bring your MP3 music to life
- Soft rubber earbuds for comfortable listening

Complements your life

- 1.8" full colour display for smooth and intuitive navigation
- Soft and smooth finish for easy comfort and handling
- Enjoy up to 25 hours of music or 5 hours of video playback
- FM radio with RDS and 30 presets for more music options

Easy and intuitive

- LikeMusic for playlists of songs that sound great together
- Fast charge for 90-minute playback in just 5 minutes
- Easy and intuitive user interface with album art display
- Folder view to organise and view media files as you do on your PC

PHILIPS

Highlights

FullSound™

Philips' innovative FullSound technology faithfully restores sonic details to compressed MP3 music, dramatically enriching and enhancing it, so you can experience CD music without any distortion. Based on an audio post-processing algorithm, FullSound combines Philips' renowned expertise in music reproduction with the power of the latest generation Digital Signal Processor (DSP). The result is fuller bass with more depth and impact, boosted voice and instrument clarity, and rich detail. Rediscover your compressed MP3 music in true-to-life sound that will touch your soul and move your feet.

Soft rubber earbuds

Soft rubber earbuds let you enjoy your music in comfort. A soft rubber cap encapsulates each earbud, and gently adjusts to the shape and size of your ear. It provides a soft cushion that makes listening through painful headphones a thing of the past.

4.6 cm/1.8" full colour display

4.6 cm (1.8") full colour screen allows you to navigate easily within the control menu or the music files of your GoGear player.

Soft and smooth finish

Soft and smooth finish for easy comfort and handling

25-hour music or 5-hour video

Philips offers you boundless entertainment. Your GoGEAR player comes with a compact built-in rechargeable battery for long-lasting power. Enjoy up to 25 hours of music, or 5 hours of video playback on a single charge. Just plug the power cable in to recharge the player—it's that simple.

FM radio with RDS/30 presets

FM radio with RDS and 30 presets for more music options.

LikeMusic

LikeMusic lets you experience more of the music that you like most — with just a click! No need to sort through your music library or wait for serendipity to strike. LikeMusic is a Philips patented algorithm that analyses songs in your library to identify similar music characteristics. These characteristics help LikeMusic create smart playlists of songs that simply sound great together. Just click on a song that you like and hit the LikeMusic icon –

a playlist will instantly appear. Give it a name and enjoy your new playlist—or rediscover songs—on your PC or your GoGear player.

Fast charging

Sometimes, you just need your GoGear player to take you from home to office and back again or for a short run – but you forgot to charge it last night. Say goodbye to frustration and boring, silent journeys with Fast Charge. Philips' smart and convenient solution lets you plug your GoGear to your PC or USB charger for just 5 minutes and in return, you get a whopping 90 minutes of audio playback! Fast Charge works by relying on much higher current levels to give your lithium-ion battery the power it needs to tide you over in a jiffy... and keep the music going.

Album art in full colour

GoGear's easy and intuitive user interface is powered by advanced navigation technology. It not only helps to ensure quick and smooth navigation but also an enjoyable multimedia experience that doesn't take long to master. Smart features like Album Art—which displays album artwork embedded in music files—enables you to have a richer experience, just like in the good old days when you would view the cover of a CD or LP while enjoying your music.

Specifications

Picture/Display

- Backlight
- Type: LCD
- Diagonal screen size (cm): 4.6 cm
- Diagonal screen size (inch): 1.8 inch
- Resolution: 160 x 128
