Helping you to find better ways to do great work

Welcome to the Xerox Wide Format Supplies Catalogue.

Xerox have worked hard to present you with the widest choice of supplies to help you to promote your company's image through professional documents. Xerox is the market leader, in both the office and commercial digital print environments, in providing innovative products & services to ensure that you always achieve the best results from your equipment. We strive to ensure that whichever brand of printer you own, you'll achieve the best possible results by using Xerox supplies.

The Quality you need

At Xerox, we always treat your business as our own, so we ensure that our manufacturing and quality control methods are at the leading edge of technology. So you can be sure that when you choose Xerox Wide Format supplies, that we have extensively tested all of our products to ensure that you receive the output quality and runnability you need in your equipment. We know that you have a choice when you purchase Wide Format supplies, so we continually strive to ensure that our products perform well, time and again.

An even wider range

This catalogue brings you a superb innovative range of media products for your printer or copier. We've further expanded our range of special media products, developed and specially matched to production colour and mono digital printing equipment. Xerox's market leading position in the world of digital print allows us to optimise all of our media range to achieve for you the best possible results.

Customer service – our passion

At Xerox, we know that to run your business effectively you need a reliable delivery service, so wherever you purchase your Xerox products you'll know that we use the leading edge systems to make sure we despatch your order on time.

Your total satisfaction is guaranteed, so if within 30 days of receipt of any of our products, you find that you are not completely satisfied that it meets your quality expectations, we will replace it free of charge as part of our "no quibble" guarantee.

Electronic ordering

We offer an excellent Web ordering system, Xtranet, which allows you to order your Xerox supplies products online, giving you the assurance of secure order processing and immediate order confirmation. Contact your Xerox representative to sign up for free Xtranet access.

Xerox Office Supplies and Quality

Xerox is the worldwide leader in office document supplies due to a 'New Product Development and Quality Assurance Programme' unrivalled by any of our competitors. Every product in this catalogue has been tested and approved by state of the art Xerox laboratories to guarantee perfect results time after time in all your documents.

Over 40 years of Xerox knowledge and experience has lead to a full understanding of the interactions between Wide Format equipment and supplies products. This knowledge is used to continually improve the performance of all our products as well as develop leading edge products to extend the possibilities of new printing technologies. This unique approach delivers printing solutions that will enhance the productivity and image of your company.

Xerox Office Supplies and the Environment

Xerox Office Supplies has always considered caring for the environment a high priority. Xerox Office Supplies continually challenges suppliers to meet and exceed standards for emissions to air, land and water and preservation of natural resources set by Environmental Agencies. Consequently, Xerox Office Supplies is a leading force in developing and implementing environmental best practices and new technologies in paper production across Europe and all Xerox Office Supplies products are produced using these technologies.

www.xerox.com – supplies

Visit our website at www.xerox.com and select supplies if you need further help in selecting the right supplies for your business needs. The Xerox Supplies website offers you a range of options to choose from, including a search for compatible supplies based on your equipment, additional technical specifications for ultimate performance and templates for Xerox media including Labels, CD Labels, Business Cards, Greetings Cards, Trifold Brochures, etc.

"Our strategic intent is to be the leader in the global document market, providing document solutions that enhance our customer's productivity. Documents are the indispensable building blocks for capturing knowledge and sharing it with others. This is where Xerox can help by providing our customers with global document solutions that bring together leading edge technology, sophisticated software and services, and, of course, the widest range of supplies"

4

Reprographic papers and films – for drawing copiers and plan printers. Perfect for both everyday use and presentations. Consistently smooth to help generate sharp and accurate lines – ideal for quality engineering drawings. Available in rolls, (taped or untaped to the core) and sheets.

Suitable for Xerox and all other xerographic and digital printers.

Premium Paper Rolls – Taped

Highest quality reprographic paper. High whiteness, smoothness and body for best quality results. Taped to core for use with Xerox plan copiers and digital printers.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
003R90089	75	175 m	914 mm	1	24
003R90172	75	175 m	841 mm	1	24
003R90169	75	175 m	594 mm	1	24
003R90159	75	175 m	420 mm	1	24
003R90167	75	175 m	297 mm	2	24
003R94607	75	80 m	914 mm	2	20
003R94588	75	80 m	841 mm	2	20

Premium Paper Rolls – Untaped

Highest quality paper, as above but not attached to the core for use on all non-Xerox plan copiers and digital printers such as Oce, Kip, Ricoh, Utax, Mita, etc.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
003R93877	75	175 m	841 mm	1	24
003R93878	75	175 m	594 mm	1	24
003R93879	75	175 m	420 mm	1	24
003R06637	75	175 m	297 mm	2	24

Premium Paper Cut Sheets

Highest quality reprographic paper for use in all sheet fed plan copiers and digital printers.

Part No.	Grammage	Size	Length	Width	Items Per Pack	Packs per Pallet
003R90857	75	A0	1189 mm	841 mm	125	40
003R90859	75	A1	841 mm	594 mm	250	50
003R90868	75	A2	594 mm	420 mm	500	40

Premium Fluorescent Paper

Highest quality fluorescent papers. Ideal for production of economical, eye-catching posters for short-term use. 4 colours available.

Part No.	Grammage	Colour	Length	Width	Items Per Pack	Packs per Pallet
023R01650	100	Yellow	150 m	841 mm	1	24
023R01654	100	Green	150 m	841 mm	1	24
023R01648	100	Orange	150 m	841 mm	1	24
023R01652	100	Pink	150 m	841 mm	1	24
023R01649	100	Yellow	150 m	594 mm	1	24
023R01653	100	Green	150 m	594 mm	1	24
023R01647	100	Orange	150 m	594 mm	1	24
023R01651	100	Pink	150 m	594 mm	1	24

Performance Paper Taped

High quality plain paper for cost-effective everyday plan copying and printing requirements. Good whiteness, body and formation. Taped to core for use on Xerox plan copiers and digital printers.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
003R06585	75	200 m	914 mm	1	36
003R06587	75	200 m	841 mm	1	36
003R97725	75	200 m	594 mm	2	30
003R06589	75	200 m	420 mm	2	36
003R97726	75	175 m	914 mm	2	24
003R97729	75	175 m	841 mm	2	24
003R94036	75	175 m	594 mm	2	36
003R94037	75	175 m	420 mm	2	42
003R94298	75	175 m	297 mm	2	60

Performance Paper Untaped

High quality plain paper, as above, but not attached to the core, for use on all non-Xerox plan copiers and digital printers such as Oce, Kip, Ricoh, Utax, Mita, etc.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
003R06742	75	200 m	914 mm	1	36
003R94711	75	200 m	841 mm	1	36

003R06727	75	200 m	420 mm	1	70
003R95712	75	175 m	841 mm	1	35
003R95708	75	175 m	594 mm	1	35
003R06595	75	175 m	420 mm	1	70
003R06687	75	175 m	297 mm	1	70

Premium Tracing Rolls

High performance translucent paper. Ideal for copying, printing and manual drafting purposes. Also useful as a diazo master.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
003R96053	90	170 m	914 mm	1	24
003R96140	90	170 m	841 mm	1	24
003R96047	90	170 m	594 mm	1	24
003R96042	90	170 m	420 mm	1	24
003R96120	112	140 m	914 mm	1	24
003R96139	112	140 m	841 mm	1	24
003R96137	112	140 m	594 mm	1	24
003R96136	112	140 m	420 mm	1	24

Premium Tracing Sheets

High performance translucent paper. Available in cut sheet form for all purposes.

Part No.	Grammage	Size	Length	Width	Items Per Pack	Packs per Pallet
003R96086	90	A0	1189 mm	841 mm	125	40
003R96087	90	A1	841 mm	594 mm	250	40
003R96088	90	A2	594 mm	420 mm	250	80
003R96032	90	A3	420 mm	297 mm	250	160
003R96030	90	A4	297 mm	210 mm	500	160
003R96125	112	A0	1189 mm	841 mm	125	40
003R97624	112	A1	841 mm	594 mm	125	40
003R96127	112	A2	594 mm	420 mm	250	80

Matt Film Rolls

High quality matt film for use in all Xerographic machines. Used for long-term archival purposes. Impervious to water and dimensionally stable. Also can be used as diazo master.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
003R98186	75	100 m	914 mm	1	30
003R98183	75	100 m	841 mm	1	30
003R98180	75	100 m	594 mm	1	30
003R98179	75	100 m	420 mm	2	30
003R98161	100	100 m	914 mm	1	30
003R98158	100	100 m	841 mm	1	30
003R98155	100	100 m	594 mm	1	30
003R98154	100	100 m	420 mm	2	30
003R98150	100	100 m	297 mm	2	30

Opaque Film Rolls

High quality matt film for use in all Xerographic machines, but with an opaque white base. Particularly useful in outdoor applications where higher contrast is required.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
003R96465	100	50 m	841 mm	1	30
003R96467	100	50 m	594 mm	1	30

Matt Film Rolls for 25XX and 30XX

High quality matt film specifically for use on Xerox 25xx and 30xx series machines. Used for long-term archival purposes. Impervious to water and dimensionally stable.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
003R91565	100	100 m	914 mm	1	30
003R91422	100	100 m	841 mm	1	30
003R91423	100	100 m	594 mm	1	30
003R91424	100	100 m	420 mm	2	30

Matt Film Sheets

High quality matt film in sheet format for use in manual sheet fed machines. Used for long-term archival purposes. Impervious to water and dimensionally stable.

Part No.	Grammage	Size	Length	Width	Items Per Pack	Packs per Pallet
003R98196	75	A0	1189 mm	841 mm	50	20
003R98194	75	A1	841 mm	594 mm	100	20
003R98192	75	A2	594 mm	420 mm	100	40
003R98191	75	A3	420 mm	297 mm	100	10
003R98171	100	A0	1189 mm	841 mm	50	20
003R98168	100	A1	841 mm	594 mm	100	20
003R98165	100	A2	594 mm	420 mm	100	40

Opaque Film Sheets

High quality matt film in sheet format for use in manually sheet fed machines. Particularly useful in outdoor applications due to higher contrast requirements.

Part No.	Grammage	Size	Length	Width	Items Per Pack	Packs per Pallet
003R96455	100	A0	1189 mm	841 mm	50	20
003R96456	100	A1	841 mm	594 mm	100	20

Matt Film Sheets for 25XX and 30XX

High quality matt film in sheet format specifically for use on Xerox 25xx and 30xx series machines. Used for long-term archival purposes. Impervious to water and dimensionally stable.

Part No.	Grammage	Size	Length	Width	Items Per Pack	Packs per Pallet
003R91420	100	A0	1189 mm	841 mm	50	20
003R91421	100	A1	841 mm	594 mm	100	20

Digital Toner

Xerox digital toner and toner blends formulated for reliable printing in Xerox digital machines.

Part No.	Machine Type	Colour	Items Per Pack
006R90235	ES8180	Black	1
006R90236	ES8180	Red	1
006R90268	8830	Black	1
006R01185	6030/6050	Black	1
006R00239	8836	Black	1
006R90208	8840 / 8845	Black	1
006R90264	8855	Black	8
006R90302	8850 / 510	Black	1
006R01141	721P	Black	8
006R01004	Max200	Black	1
006R01005	Max200	Red	1

Reprographic Toner

6

These toners are specially formulated to work with their designated machines to give consistent quality output time after time.

Analogue Toner

Genuine Xerox toner for reliable print operation and output using Xerox media. Specified for Xerox analogue plan copiers.

Part No.	Machine Type	Colour	Items Per Pack
006R90166	2515 / 2520 / 2950	Black	1
006R90129	2510 / 2511	Black	1
006R90284	3001	Black	1
006R90269	30XX	Black	1
006R90130	3080	Black	3
006R90210	3090	Black	2
006R90162	5080	Black	3

003R06557	90	91 m	841 mm	1	54
003R06559	90	91 m	610 mm	1	54

Premium Coated Paper

High performance colour inkjet paper giving vivid colour output for both line work and block infill. High opacity and excellent whiteness, used for final drawings and presentations.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
003R06709	95	45 m	914 mm	1	70
003R06710	95	45 m	841 mm	1	70
003R06711	95	45 m	610 mm	1	70
003R06560	95	91 m	914 mm	1	40
003R06561	95	91 m	841 mm	1	40
003R06563	95	91 m	610 mm	1	40

Polyester Film

A matt polyester film for inkjet use. Particularly good for long term archiving and diazo masters. Fast drying and fully capable of accepting colour inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01607	75	38 m	914 mm	1	100
023R01608	75	38 m	841 mm	1	100
023R01609	75	38 m	610 mm	1	100

Pro Unit

A cost effective unit for fitting to most inkjet plotters, enabling the user to fit longer length rolls up to 200m, giving the opportunity to cut media costs and also reduce the number of roll changes. Will also enable the user to effectively print overnight without worry.

Part No.	Size	Items Per Pack
003R06688	A0	1
003R06689	A1	1

Pro Unit Media Range

A range of inkjet media in longer length rolls, (175m – 200m), for use with the pro unit. Includes economic 75gsm and 90gsm uncoated papers, as well as 90gsm and 95gsm coated papers. A great way to cut costs without cutting quality.

Presentation & Photo Grade Papers for Aqueous Inkjet Printing

10

Highest quality papers in a variety of specifications and finishes to produce colour graphic prints for a wide range of applications. Unless otherwise stated, all papers are compatible with piezo-electric and thermal inkjet devices using water based inks, both dye and pigment.

Profiles and support are available for Xerox 81XX series and Epson Stylus Pro graphics inkjet printers, plus most other commonly used printer models. Please consult the Aqueous Inkjet Graphic Art Application Guide on www.xerox.com for application details and advice.

Matt Presentation Paper Lightweight 90g/m² & 120g/m²

Economical, general-purpose, matt presentation paper for lower density printing with either dye or pigmented inks. Gives sharp line definition to GIS/CAD line width specifications, and lower density colour fills. Ideal for high quality presentation drawings, or as a low cost proofing paper, but not suitable for high density graphic imaging.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02074	90	46 m	1524 mm	1	40
023R02075	90	46 m	1270 mm	1	40
023R02076	90	46 m	1067 mm	1	70

023R02078	90	46 m	610 mm	1	70
023R02084	120	30 m	1524 mm	1	40
023R02085	120	30 m	1270 mm	1	40
023R02086	120	30 m	1067 mm	1	70
023R02087	120	30 m	914 mm	1	70
023R02088	120	30 m	610 mm	1	70

Matt Presentation Paper Heavyweight 160g/m²

Universally compatible high white, heavyweight, matt presentation paper for colour graphic applications. Gives good image density and gamut with lower ink limits and therefore excellent ink economy. The heavyweight base gives this paper good stiffness and bulk, and dimensional stability makes this paper suitable for multi panel display. Dries quickly, and is suitable for both dye and pigment inks.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02089	160	30 m	1524 mm	1	40
023R02090	160	30 m	1270 mm	1	40
023R02091	160	30 m	1067 mm	1	70
023R02092	160	30 m	914 mm	1	70
023R02093	160	30 m	610 mm	1	70

Poster Presentation Paper 120g/m²

High quality, but economical, poster paper with a smooth surface. Perfect for general purpose graphics printing: Instant drying, and universally compatible for both dye and pigment ink systems. Designed for high density photo quality graphic imaging and reproduction of bright colours.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02173	120	30 m	1524 mm	1	35
023R02174	120	30 m	1067 mm	1	35
023R02175	120	30 m	914 mm	1	56

Poster Presentation Paper 170g/m²

High quality, heavyweight poster paper with a smooth, matt coated surface. For photo quality, bright coloured graphic imaging, this is effectively a "no glare" alternative to photo paper. The base of this media provides excellent stiffness and bulk, and full opacity. Instant dry and universally compatible with dye or pigment ink systems.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02176	170	30 m	1524 mm	1	35
023R02177	170	30 m	1067 mm	1	35
023R02178	170	30 m	914 mm	1	56
023R02179	170	30 m	610 mm	1	70

Photo Paper 150g/m²

Economical, photo grade paper with a bright white surface for high quality photographic images. Designed for dye ink printers, but also suitable for some pigment systems. Available with gloss or satin finish.

Part No.	Finish	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02094	Gloss	30 m	1524 mm	1	40
023R02095	Gloss	30 m	1067 mm	1	40
023R02096	Gloss	30 m	914 mm	1	40
023R02099	Satin	30 m	1067 mm	1	40
023R02100	Satin	30 m	914 mm	1	40

Universal Photo Paper 175g/m²

High quality photo paper with a film coating on both sides and a microporous coating for instant drying with either dye or pigment inks. Base weight gives good stiffness and opacity, but at the lighter end of the photo paper scale, to give a cost effective basis for everyday photographic reproductions. Available with gloss or satin finish.

Part No.	Finish	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02102	Gloss	30 m	1270 mm	1	60
023R02103	Gloss	30 m	1067 mm	1	60

023R02108	Satin	30 m	914 mm	1	60
023R02109	Satin	30 m	610 mm	1	120

Graphic Arts Inkjet

Universal Photo Paper 195g/m²

Premium universal, microporous coated photo paper, fully compatible with all dye and pigment inks for the best possible colour imaging with exceptionally fast drying time. High contrast, excellent edge definition, brilliant true colours, soft gradients – photorealistic prints in resolution up to 1440dpi. Available with gloss or satin finish.

Part No.	Finish	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02110	Gloss	30 m	1524 mm	1	40
023R02111	Gloss	30 m	1067 mm	1	40
023R02112	Gloss	30 m	914 mm	1	40
023R02113	Gloss	30 m	610 mm	1	40
023R02114	Satin	30 m	1524 mm	1	40
023R02115	Satin	30 m	1067 mm	1	40
023R02116	Satin	30 m	914 mm	1	40
023R02117	Satin	30 m	610 mm	1	40

Universal Photo Paper 215g/m²

Universal photo base paper, film coated on both sides with microporous coating for instant drying using either dye or pigment inks. High ink capacity for wide gamut photo imaging at up to 1440dpi resolution. For applications where a degree of stiffness and bulk is important. Available with gloss or satin finish.

Part No.	Finish	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02118	Gloss	20 m	1270 mm	1	60
023R02119	Gloss	20 m	1067 mm	1	60
023R02120	Gloss	20 m	914 mm	1	60
023R02121	Gloss	20 m	610 mm	1	120
023R02122	Satin	20 m	1270 mm	1	60
023R02123	Satin	20 m	1067 mm	1	60
023R02124	Satin	20 m	914 mm	1	60
023R02125	Satin	20 m	610 mm	1	120

Universal Photo Paper 285g/m²

Universal photo base paper, film coated on both sides with microporous coating for instant drying using either dye or pigment inks. Photo printing at up to 1440dpi resolution for a range of applications where maximum stiffness and bulk are important. The weight of this paper makes it particularly effective in enabling the print to keep a uniform surface. Available with gloss or satin finish.

Part No.	Finish	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02126	Gloss	15 m	1524 mm	1	50
023R02127	Gloss	15 m	1067 mm	1	60

023R02131	Satin	15 m	1067 mm	1	60
023R02132	Satin	15 m	914 mm	1	60
023R02133	Satin	15 m	610 mm	1	120

Coloured Display Paper 95g/m²

Economy paper with a bright coloured print surface, either yellow or fluorescent yellow, for short term retail POP display and prints involving simple messaging with low ink density graphics. An ideal way to achieve high impact display without heavy ink use.

Part No.	Colour	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02134	Yellow	45 m	1524 mm	1	40
023R02135	Yellow	45 m	1067 mm	1	70
023R02136	Fluorescent Yellow	45 m	1524 mm	1	40
023R02137	Fluorescent Yellow	45 m	1067 mm	1	70

Fire Retardant Display Paper 120g/m²

Fire retardant paper for point of purchase display and prints involving simple messaging with low ink density graphics. Choose a white print surface for standard printing, or a yellow fluorescent print surface for a higher level of display impact with low ink usage as a cost effective display solution. The flame retardant properties, (M1 classification), of this paper allow its use in fire sensitive environments.

Part No.	Colour	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02138	White	30 m	1524 mm	1	40
023R02139	White	30 m	1067 mm	1	70
023R02140	Fluorescent Yellow	30 m	1524 mm	1	40
023R02141	Fluorescent Yellow	30 m	1067 mm	1	70

Outdoor Poster Paper – Blue Back

Water resistant poster paper suitable for indoor and outdoor graphics. Blue backing reinforces the paper's high opacity, to minimise show through when pasted over other images. The blue back also gives this paper the required properties for backlit display applications, providing an economical alternative to film based backlit media.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02142	120	30 m	1524 mm	1	40
023R02143	120	30 m	1067 mm	1	70
023R02144	120	30 m	914 mm	1	70
023R02145	120	30 m	610 mm	1	70

Canvas Paper

Matt paper with a linen structure and a canvas embossed surface to enhance the graphic effect. Rapid drying for either dye or pigment inks, this paper gives fine colour gradation, excellent colour density and image sharpness ideal for high quality graphic art reproduction. The weight and body of the paper give good self supporting strength.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02148	180	12 m	914 mm	1	42

11

Xerox/Epson 10600

Aqueous Inkjet Speciality Media

12

A range of films and textiles for constructing graphics for speciality applications ranging from fine art to exhibition displays. All media are compatible with either piezo-electric or thermal inkjet devices for both dye and pigment inks unless otherwise stated.

Profiles and support are available for Xerox 81XX series and Epson Stylus Pro graphics inkjet printers, plus most other commonly used printer models. For application and compatibility details, and advice, please consult the Aqueous Inkjet Graphic Art Application Guide on www.xerox.com, or ask your supplies contact for a copy.

Optically Clear Film

Optically clear, durable, polyester film with a clear ink receptive front coating and an anti-static rear coating, suitable for vibrant colour graphics or fine line detail. Dimensionally stable for precise overlay graphics. Compatible with all dye inks and some pigment ink systems.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01531	120	20 m	1270 mm	1	40
023R01532	120	20 m	914 mm	1	40
023R01582	120	20 m	610 mm	1	40

Optically Clear Film with Removable Edge Stripe

Optically clear, polyester film with a clear ink-receptive coating and anti-static rear coating, with a removable edge strip for use with HP Designjet printers. Suitable for vibrant colour graphics or fine line detail, and dimensionally stable for precise overlay graphics. Compatible with HP dye inks only.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01637	100	20 m	1270 mm	1	50
023R01636	100	20 m	1067 mm	1	50
023R01635	100	20 m	914 mm	1	50
023R01634	100	20 m	610 mm	1	50

Translucent Film – Repositionable

Translucent adhesive backed polyester film designed for use as a one way, front viewed window display or a backlit. Low tack adhesive enables easy mounting on all smooth surfaces and can be easily repositioned.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01517	225	20 m	1270 mm	1	42
023R01518	225	20 m	914 mm	1	42

White Opaque Glossy Film

Opaque, white coated polyester film, with a photo glossy surface for brilliant colour, photo quality image, where there is a need for greater resistance to mechanical weathering than photo paper can provide. Can be used as a relatively durable print without lamination. Compatible with all dye inks and most pigment inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01491	120	20 m	1270 mm	1	40
023R01493	120	20 m	914 mm	1	40
023R01494	120	20 m	610 mm	1	64

Backlit Film – (Back Print)

Polyester printable in reverse for images to be viewed through, and protected by its translucent film base in light box applications. Unique, fast drying coating enables excellent image quality, rich deep colours, and excellent image clarity using either dye or pigment inks. Image density will not appear “washed out” when viewed under fixture lights, or seem dark without lighting.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01496	130	20 m	1524 mm	1	42
023R01497	130	20 m	1372 mm	1	42
023R01498	130	20 m	1270 mm	1	42
023R01499	130	20 m	1118 mm	1	42
023R01500	130	20 m	1067 mm	1	42
023R01501	130	20 m	914 mm	1	42

Backlit Film (Front Print)

Versatile polyester film specifically coated to provide excellent image quality, rich deep colours with superior saturation and contrast. Ideal for all backlit applications, indoors and out. Images will appear strong and bright when viewed either lit or unlit. Compatible with both dye and pigment inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02150	140	30 m	1524 mm	1	60
023R02151	140	30 m	1067 mm	1	60
023R02152	140	30 m	914 mm	1	60

Metallic Film

Glossy metallic, mirror finish film for special display effects suitable for printing with dye inks. Choice of gold or silver film to produce a variety of striking metallic effects and colours.

Part No.	Micron	Colour	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01598	100	Silver	20 m	1270 mm	1	40
023R01597	100	Silver	20 m	914 mm	1	40
023R01596	100	Gold	20 m	1270 mm	1	40
023R01595	100	Gold	20 m	914 mm	1	40

Polycarbonate Pop-up Film and Backer

Translucent polycarbonate film that is printed on its reverse side and sealed with a backer to form a 2-part pop up graphic display panel. Strong and dimensionally stable with a low-glare viewing surface. Compatible with both dye and pigmented inks. Seal with Xerox self-adhesive, bright white, light-stopping melinex backer to construct rigid, dimensionally stable pop-up panels. The Xerox backer can also be used as a light-stop laminate for 200micron White Matt Banner Film for a total light stopping solution.

Part No.	Micron	Finish	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01606	275	Clear	40 m	900 mm	1	100
023R01474	275	Clear	20 m	900 mm	1	100
023R01478	275	Stop-light	40 m	880 mm	1	100
023R01477	275	Stop-light	20 m	880 mm	1	72

Stop-light Pop-Up Film (Front Print)

A heavy-duty, but not bulky, printable melinex-based film for 2-part pop-up construction and exhibition display where light stopping properties are essential. Dimensionally stable with a unique backside coating which prevents slippage during printing to avoid any issues with printing matching adjacent panels. Suitable for both dye and pigment inks. Choice of two thicknesses.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01476	300	40 m	914 mm	1	100
023R01475	300	20 m	914 mm	1	100
023R01641	150	30 m	914 mm	1	100
023R01642	150	30 m	1270 mm	1	100

White Matt Banner Film

Film with sufficient body and strength for single drop banners, roll up stands and rolldown hanging displays. Water and tear resistant for use as an alternative to paper for graphics that will be rough handled or used outdoors. The matt surface gives minimal light reflection for vivid, full colour, photo realistic imaging using either dye or pigmented inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01604	200	20 m	1524 mm	1	100
023R01603	200	20 m	1372 mm	1	100
023R01473	200	20 m	1270 mm	1	100
023R01602	200	20 m	1067 mm	1	100
023R01601	200	20 m	914 mm	1	100

Banner Polyester

Premium flexible polyester with the necessary water resistance, opacity and ability to resist edge curl for indoor and outdoor banner and display systems. It can be sewn or punched but not welded. Classified M2 flame retardant making this an ideal banner material for fire sensitive environments. Works well with both dye and pigmented inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01584	290	15 m	1372 mm	1	42
023R01585	290	15 m	1270 mm	1	42
023R01586	290	15 m	1118 mm	1	42
023R01587	290	15 m	1067 mm	1	42
023R01588	290	15 m	914 mm	1	42

Weatherproof Banner – Tyvek®

Tyvek base gives a tear resistant, exceptionally durable option for producing indoor and short term outdoor banners. Printing with pigment inks is recommended to give image durability fitting that of the base material. Also suitable for dye inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01441	280	20 m	1372 mm	1	42
023R01524	280	20 m	1270 mm	1	42
023R01523	280	20 m	1067 mm	1	42
023R01442	280	20 m	914 mm	1	42

Matt Polypropylene Banner 185 Micron

Lighter-weight polypropylene material is a cost-effective alternative to polyester. The tough, water-resistant, opaque base lays flat and resists edge curl, and is suitable for most display systems such as roll up or hanging banners. Its matt print surface is ideal for high-resolution, punchy colour reproduction and solid blacks using either dye or pigment inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02166	185	30 m	1524 mm	1	50
023R02167	185	30 m	1067 mm	1	60
023R02168	185	30 m	914 mm	1	60

Matt Polypropylene Banner 320 Micron

Heavyweight polypropylene material is a cost-effective alternative to polyester for durable graphics in the most demanding applications. The tough, water-resistant, highly opaque base lays flat and resists edge curl – essential for display systems such as roll up or hanging banners. Its matt print surface is ideal for high-resolution, punchy colour reproduction and solid blacks using either dye or pigment inks.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02169	320	15 m	1524 mm	1	50
023R02170	320	15 m	1067 mm	1	60
023R02171	320	15 m	914 mm	1	60

Banner Vinyl

Mid-weight vinyl with a textile textured back. A water and tear-resistant base for indoor banners, and light-duty or short-term outdoor applications. Compatible with either dye or pigmented ink systems and suitable for the full range of standard banner finishing.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02157	400	15 m	1524 mm	1	30
023R02159	400	15 m	1067 mm	1	30
023R02160	400	15 m	914 mm	1	35

Outdoor Banner Vinyl

Heavyweight, fabric reinforced vinyl – a flexible, resilient base for indoor and outdoor banner applications, suitable for the full range of standard finishing procedures for banners. The print surface has excellent resistance to scratching and can achieve excellent image quality with good colour densities using either pigment or dye based inks.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01589	550	15 m	1524 mm	1	42
023R01590	550	15 m	1372 mm	1	42
023R01591	550	15 m	1270 mm	1	42
023R01593	550	15 m	1067 mm	1	42
023R01594	550	15 m	914 mm	1	42

Banner Fabric Fire Retardant

High strength, woven polyester fabric with uses ranging from banners to canvas type fine art reproduction with a textured surface. The heavy, fire retardant coating is certified M2 and makes this an excellent material for graphic displays in fire sensitive environments. Water resistant, instant dry coating suitable for practically all inks.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02162	250	20 m	1524 mm	1	40
023R02163	250	20 m	1067 mm	1	70
023R02164	250	20 m	914 mm	1	70

Universal Artist Canvas

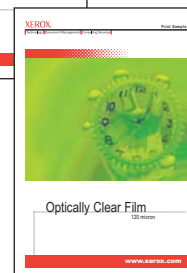

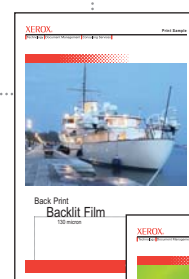

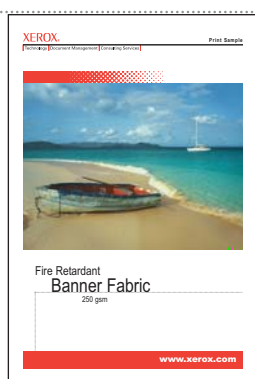

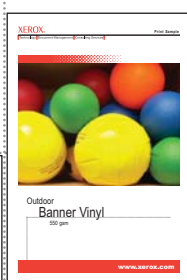

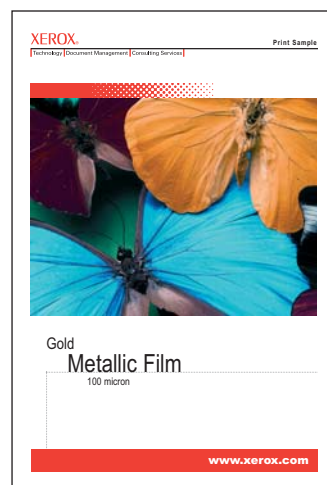

Coated cotton based fabric for fine art reproductions with a feel of quality. It's textured surface enhances the decorative effect as well as giving wide angle visibility without glare. Water resistant, instant dry coating suitable for practically all inks, particularly pigmented inks.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01503	340	12 m	1270 mm	1	42
023R01504	340	12 m	1118 mm	1	42
023R01505	340	12 m	1067 mm	1	42
023R01506	340	12 m	914 mm	1	42

Self Adhesive Vinyl

14 White vinyl designed to permanently adhere to a variety of surfaces. With a water and scratch resistant inkjet coating, it is designed for use in all indoor, and some short term outdoor applications.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02153	275	20 m	1520 mm	1	50
023R02154	275	20 m	1067 mm	1	60

X2/Oil Piezo Inkjet Papers

16

Media formulated especially for Xerox Xpress and X2 oil-based Piezo printers, to meet the needs of high speed production. A selection of properties suits a range of applications, from CAD line drawings, to speciality displays. For details and advice please refer to the Xerox X2 Applications Guide on www.xerox.com, or ask your supplies contact for a copy. These media are also suitable for use on other oil piezo inkjet printers such as Seiko.

Line Art Paper

80 gsm, bright white paper designed for line drawing in a CAD environment. For use only in 360 dpi print mode. Not recommended for printing full graphic images.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01365	80	91 m	1370 mm	1	28
023R01366	80	122 m	914 mm	1	28
023R01394	80	122 m	841 mm	1	28
023R01396	80	122 m	594 mm	1	28
023R01395	80	122 m	420 mm	2	28
023R01397	80	122 m	297 mm	2	28

Coated Graphics Design Paper

A bright white paper suitable for line mapping and colour presentations in a CAD/GIS environment. For use only in 360dpi print mode.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01443	90	100 m	841 mm	1	28
023R01444	90	100 m	594 mm	1	28
023R01445	90	100 m	420 mm	2	28
023R01446	90	100 m	297 mm	2	28

Hi White Graphics Paper 95g/m²

A bright white paper for use in 360 dpi print mode. It provides good image quality and is well suited for general display applications. It also meets the line width specifications for GIS/CAD engineering applications.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01424	95	100 m	1370 mm	1	35
023R01423	95	100 m	1270 mm	1	35
023R01422	95	100 m	1067 mm	1	28
023R01425	95	100 m	914 mm	1	28

Hi White Graphics Paper 125g/m²

A heavier based version of the High White Graphics Paper to give greater handling properties as a general purpose graphics paper.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02064	125	76 m	1370 mm	1	35
023R02065	125	76 m	1270 mm	1	35
023R02066	125	76 m	1067 mm	1	28
023R02067	125	76 m	914 mm	1	28

Indoor/Outdoor Paper, Blue Backed

A water-resistant, highly-opaque poster paper suitable for indoor graphics and outdoor signage. The blue backing allows for no show through of covered images. Tested to meet the requirements of billboard advertising and standard specifiers such as Viacom. For use only in 360dpi print mode.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01420	120	76 m	1370 mm	1	35
023R01429	120	76 m	1270 mm	1	35
023R01614	120	76 m	1067 mm	1	28
023R01421	120	76 m	914 mm	1	28

Short-Term Poster Paper, Blue Backed

A water-resistant, poster paper for indoor or short-term outdoor graphics. High ink capacity allows bright colour prints and blue backing reinforces the paper's high opacity. Tested to meet the requirements of billboard advertising and standard advertising print specifiers.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02180	120	80 m	1370 mm	1	35
023R02181	120	80 m	1270 mm	1	35
023R02182	120	80 m	1067 mm	1	28
023R02183	120	80 m	914 mm	1	28

Presentation Paper 720 dpi

A presentation paper, designed for optimum performance in 720 dpi print mode. Specially coated to accept the high level of ink saturation and precise dot placement required for 720 dpi imaging. This is an economical solution for presentation applications where sharp lines, crisp text and maximum colour gamut are required.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01263	125	45 m	1370 mm	1	30
023R01264	125	45 m	1270 mm	1	30
023R01265	125	45 m	1066 mm	1	30
023R01181	125	65 m	914 mm	1	30
023R01183	125	65 m	594 mm	1	30
023R01184	125	65 m	297 mm	1	60

High Grade Presentation Paper

A high-grade, fully featured presentation paper. Accepts high ink levels giving improved colour vibrancy. Barrier coating on the reverse side prevents ghosting when prints are taken onto the take-up spool. Suitable for both 720 dpi and 360 dpi printing.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01627	115	76 m	1370 mm	1	35
023R01628	115	76 m	1270 mm	1	35
023R01629	115	76 m	1066 mm	1	28
023R01630	115	76 m	914 mm	1	30
023R01631	115	76 m	610 mm	2	35
003R97620	115	76 m	594 mm	2	28
003R97621	115	76 m	297 mm	2	42

Heavy Weight Presentation Paper

A heavyweight presentation paper for indoor graphic applications. Can be printed in both 360 and 720 dpi mode. High ink capacity allows production of bright dense images and a broad colour gamut. The higher base weight gives strength and improved handling.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01437	160	61 m	1370 mm	1	35
023R01438	160	61 m	1270 mm	1	35
023R01439	160	61 m	1066 mm	1	28
023R01440	160	61 m	914 mm	1	28

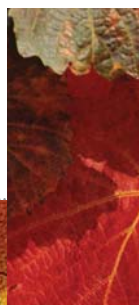

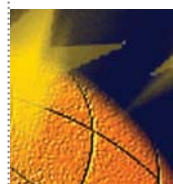

Transfer Paper – Dye Sublimation

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02184	140	65 m	1370 mm	1	35
023R02185	140	65 m	914 mm	1	28

Reinforced Paper

A nylon reinforced paper designed for producing vivid, full colour images in 360 dpi mode. The exceptional durability of this media provides maximum flexibility during post print handling allowing for edge sewing, taping and grommeting. It provides excellent laminate adhesion with pressure sensitive as well as thermal laminates. It is an economical paper alternative to using standard outdoor materials for indoor banner applications.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01296	236	23 m	1370 mm	1	24
023R01295	236	23 m	1270 mm	1	24
023R01294	236	23 m	1066 mm	1	24
023R01293	236	23 m	914 mm	1	24

X2

X2/Oil Piezo Inkjet Speciality Media

18

White Matt Film

A no-glare film designed to produce vivid, full colour direct-write digital images in 360dpi mode. This tear resistant film provides photo-realistic images that dry instantly. A true water resistant media for use as an alternative to paper in “field” projects or when graphics will be exposed to weather or rough handling.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01451	150	30 m	1370 mm	1	40
023R01452	150	30 m	1270 mm	1	40
023R01455	150	30 m	1066 mm	1	40
023R01453	150	30 m	914 mm	1	40

Backlit Film – 360 dpi

A versatile direct-write film specifically coated to provide excellent image quality in 360 dpi print mode. It yields rich deep colours with superior saturation and contrast. This is a polyester based material that is ideal for all backlit applications, indoors and out. Images will not “wash-out” when viewed under fixture lights, or seem too dark when lights are turned off.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01269	145	30 m	1370 mm	1	20
023R01270	145	30 m	1270 mm	1	20
023R01271	145	30 m	1066 mm	1	20
023R01187	145	30 m	914 mm	1	30

Backlit Film – 360 & 720 dpi

A versatile direct write film specifically coated to provide excellent image quality in 720 or 360 dpi print mode. Each resolution yields rich deep colours with superior saturation and contrast. This is a polyester based material that is ideal for all backlit applications, indoors and out. Details are sharp, and image clarity is excellent. Small text will not “break-up” or become fuzzy. Images will not “wash-out” when viewed under fixture lights, or seem too dark when lights are turned off.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01343	170	30 m	1370 mm	1	35
023R01345	170	30 m	1066 mm	1	35
023R01346	170	30 m	914 mm	1	35

Banner Fabric

A tear resistant, polyester fabric designed for optimum image quality in either 360 or 720 dpi print mode. For indoor use or outdoors against a flat surface (lamination not necessary) This is a functional product that can be “finished” to become a vast array of graphics. It has a satin sheen on the backside.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01415	160	25 m	1370 mm	1	24
023R01435	160	25 m	1270 mm	1	24
023R01414	160	25 m	1067 mm	1	24
023R01416	160	25 m	914 mm	1	24

Banner Fabric Fire Retardant

A tear resistant, polyester fabric with a fire retardant coating designed for optimum image quality in either 360 or 720 dpi print mode. For indoor use or outdoors against a flat surface (lamination not necessary) This is a functional product that can be “finished” to become a vast array of graphics. It has a satin sheen on the backside.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02002	250	25 m	1370 mm	1	24
023R02003	250	25 m	1270 mm	1	24
023R02004	250	25 m	1067 mm	1	24
023R02005	250	25 m	914 mm	1	24

Banner Vinyl

A vinyl designed for excellent image quality when used in either 360 or 720 dpi print mode. This material is constructed of a tear resistant polyester base fabric embedded between two layers of white vinyl. It is water resistant, and designed for use in all banner applications indoors and most outdoor applications except where durability in extreme wind and weather conditions is required. It does not require the use of an overlamine unless subject to abrasion or extreme moisture.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01418	390	25 m	1370 mm	1	30
023R01436	390	25 m	1270 mm	1	30
023R01417	390	25 m	1067 mm	1	30
023R01419	390	25 m	914 mm	1	30

Pressure Sensitive Vinyl – Standard

This PSV is calendared, with a removable adhesive to enable complete removal from its surface without the use of chemicals or heat. It is designed for use in all indoor, and most outdoor PSV applications when properly constructed. For use on flat surfaces only. Must use a Pressure Sensitive overlamine for all applications.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01404	320	18 m	1370 mm	1	20
023R01403	320	18 m	1067 mm	1	20
023R01405	320	18 m	914 mm	1	20

Graphic Arts – Xerox ColorgrafX

Pressure Sensitive Vinyl – Premium

A premium quality pressure sensitive vinyl (PSV). It will smoothly adhere to an approved surface using only the slight pressure of a hand or small tool (such as a squeegee). The PSV is calendared, with a removable adhesive to enable complete removal from its surface without the use of chemicals or heat. Designed for use in all indoor, and most outdoor PSV applications when properly constructed. For use on flat or slightly curved surfaces. Must use a Pressure Sensitive overlaminate for all applications.

Part No.	Grammage	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01402	320	18 m	1370 mm	1	20
023R01400	320	18 m	1067 mm	1	20
023R01401	320	18 m	914 mm	1	20

Pressure Sensitive Vinyl – Cast – for Vehicle Graphics

Premium quality, direct-write pressure sensitive vinyl (PSV) – adhesive backed vinyl that smoothly adheres to an approved surface using only slight pressure. This material is a cast, white opaque, matt base vinyl with a permanent, positionable pressure-sensitive adhesive. It is designed specifically for installation onto vehicles and trucks, as well as for general PSV display graphics, such as P.O.P. and outdoor signage. Use in conjunction with recommended overlaminate. It can also be applied to most sign surfaces for outdoor use (when laminated).

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01549	50	20 m	1370 mm	1	20
023R01550	50	20 m	1270 mm	1	20
023R01551	50	20 m	1067 mm	1	20
023R01552	50	20 m	914 mm	1	20

Perforated Window Vinyl

A cast vinyl with perforations leaving 60% print surface and 40% view through designed for use in vehicle windows and glazed areas in buildings, such as partition glazing. The image is viewed from the front and the perforations allow through vision from the rear of the graphic. Compatible with cast overlaminates.

Part No.	Reel Length	Width	Items Per Pack	Packs per Pallet
023R02000	15 m	1370 mm	1	40
023R02001	15 m	914 mm	1	40

Cast Overlaminate – Glossy

A premium quality, clear glossy film designed for overlaminating cast vinyl and perforated window vinyl. Protects against UV radiation and abrasion.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01622	50	50 m	1370 mm	1	20
023R01620	50	50 m	1067 mm	1	20

Cast Overlaminate – Matt

A premium quality, clear film with a matt surface designed for overlaminating cast vinyl and perforated window vinyl. Protects against UV radiation and abrasion.

Part No.	Micron	Reel Length	Width	Items Per Pack	Packs per Pallet
023R01623	50	50 m	1370 mm	1	20
023R01621	50	50 m	1067 mm	1	20

X2/Xpress Piezo Inkjet Inks

19

Oil-based, pigmented graphics inks specifically for X2 printers and media. Formulated to be smudge resistant, instant drying and can be laminated immediately in most cases. The colour gamut is based on the SWOP (Standard Web Offset Printing) standards for press-quality, colour graphics, versatility and easy colour calibration.
