PHILIPS

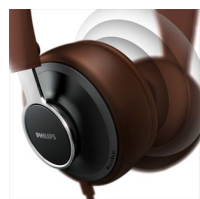

Features

Built-in microphone

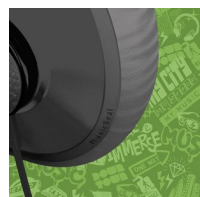

Your CitiScape headphones feature a built-in microphone so you can easily switch from listening to music to taking phone calls. It's a breeze staying connected with your music – and with the people who matter most to you.

Clear and natural sound

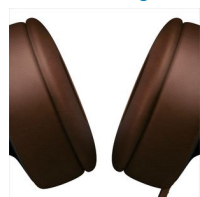

Immerse in crystal clear sound infused with natural warmth, thanks to finely tuned 40mm drivers. Backed by Philips' heritage in sound excellence, your CitiScape headphones are carefully engineered to reproduce clean, detailed yet natural sound for truly captivating music enjoyment on the move.

MusicSeal

Whether you're listening to the gnashing guitar riffs of a funk metal band or the lilting soprano of an opera diva, MusicSeal ensures that your CitiScape headphones lets you keep your favorite music all to yourself. With double layered walls within the earshell and secure edges between the headphone cushions and housing, this innovative feature seals in every beat. At the same time, ambient noise is prevented from seeping through and disrupting your music enjoyment.

On-ear isolating cushions

Be part of the city's buzz but not its noise with on-ear sound isolating cushions. The incredibly soft ear cushions enclose the speakers around your ears for long-lasting wearing comfort. You will be able to clearly discern and enjoy all the sound details in your favorite music.
