- Hi-Speed USB 2.0 Link plays video/music from USB flash drives
- EasyLink to control all HDMI CEC devices via a single remote
- Optional Wi-Fi accessory to wirelessly connect to Internet

PHILIPS
sense and simplicity

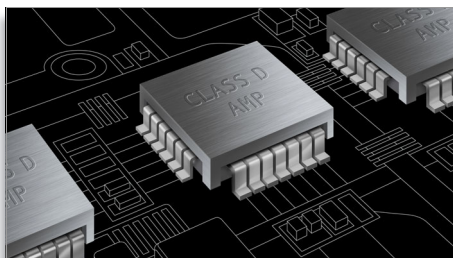

Highlights

Mineral-based speaker cones

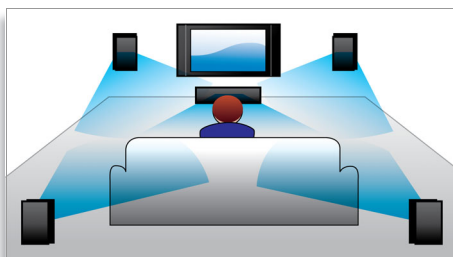

Mineral-based speaker cones for extra clarity

Class D amplifier

The Class D Amplifier takes an analogue signal, converts it into a digital signal and then amplifies the signal digitally. The signal then enters a demodulation filter to produce the final output. The amplified digital output delivers all the advantages of digital audio, including improved sound quality. In addition, the Class 'D' Digital Amplifier has more than 90% efficiency compared with traditional AB amplifiers. This high efficiency translates into a powerful amplifier with a small footprint.

Dolby TrueHD and DTS-HD

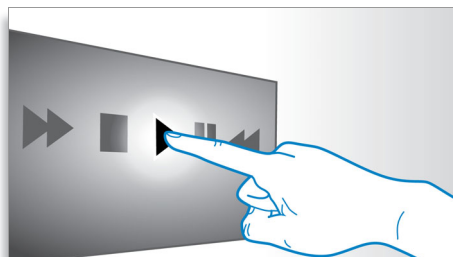

Dolby TrueHD and DTS-HD Master Audio Essential deliver the finest sound from your Blu-ray Discs. Audio reproduced is virtually indistinguishable from the studio master, so you hear what the creators intended for you to hear. Dolby TrueHD and DTS-HD Master Audio Essential complete your high definition entertainment experience.

400 W RMS power

400 W RMS power delivers great sound for movies and music

Touch panel for playback

Intuitive touch panel control allows you to control the volume as well as other playback options by simply pressing the touch sensitive controls on the front panel.

Full HD 3D Blu-ray

Be enthralled by 3D movies in your own living room on a Full HD 3D TV. Active 3D uses the latest generation of fast switching displays for real life depth and realism in full 1080 x 1920 HD resolution. Watching these images through special glasses with right and left lenses that are timed to open and close in synchrony with alternating images creates the full HD 3D viewing experience in your home cinema. Premium 3D movie releases on Blu-ray offer a wide, high-quality selection of content. Blu-ray also delivers uncompressed surround sound for an unbelievably real audio experience.

Smart TV

Philips home theatre systems with Smart TV offer you an array of enhanced features, including Net TV, DLNA and MyRemote. Net TV brings a wide range of online information and entertainment to your TV. Simply select Net TV in the Home Menu and start browsing for services like video-on-demand shops* for the latest releases in HD, and Catch-up TV. With DLNA, you can access photos, music and movies stored on your PC from the comfort of your sofa. Can't find the remote control? Simply use your smartphone or tablet PC to control your home theatre via the Philips MyRemote app.

Audio in

Audio-in allows you to easily play your music directly from your iPod/iPhone/iPad, MP3 player or laptop via a simple connection to your home cinema. Simply connect your audio device to the Audio-in jack to enjoy your music with the superior sound quality of the Philips home cinema system.

Optional Wi-Fi accessory

Optional Wi-Fi accessory to wirelessly connect to Internet
