PHILIPS
AVENT

Highlights

4-in-1 steriliser

Due to its adjustable size, this 4-in-1 Philips AVENT steriliser perfectly fits the items you would like to sterilise and always takes up the smallest amount of kitchen space. The 4-in-1 functionality gives you: 1) Small size configuration for sterilising soothers 2) Medium size configuration for sterilising several bottles, toddler plates, knives and forks 3) Large size configuration for sterilising a full load of up to 6 bottles 4) Integrated dishwasher basket for hassle-free pre-cleaning of baby bottles and accessories

Advanced display

The advanced display keeps you informed throughout the sterilisation cycle and lets you know when the bottles are cooled down.

Fits all bottle types

The steriliser has been designed to fit both wide neck and narrow neck bottles as well as different breast pumps and accessories. This gives you the freedom to choose the bottles and accessories that best suit you and your baby. At full capacity the

steriliser holds six 11 oz/330 ml Philips AVENT bottles.

6-minute cycle and auto shut-off

Your bottles and accessories will be sterilised in just 6 minutes. Once sterilisation is complete, the device will shut off automatically, ensuring extra safety and less energy consumption.

Kills 99.9% of harmful germs

Sterilising protects your baby from particularly harmful bacteria until his immune system is strong enough. Philips AVENT Sterilisers use the hospital method of steam sterilisation, which is quick, easy and effective, with no chemicals involved. Contents stay sterile for 24 hours if the lid is unopened.

BPA-Free

This steriliser is made from BPA-Free materials
