Scart cable

5 m

Composite A/V Connections

SWV5545

Create a superior viewing experience

with this scart cable

Take your components to superior performance. This high-end cable offers an improved connection for transferring audio/video signals between components.

Enjoy better picture quality

- 24 carat gold-plated connectors optimise signal
- 4-Cut connectors for secure connections

Protects against signal loss

- 100% aluminium shielding
- Oxygen-free copper conductor for ideal signal transfer
- Copper-braided shielding
- Foam Polyethylene (FPE) Dielectric

Easy installation

- Colour-coded connectors for instant recognition
- Non-slip ergonomic grip for easy use
- Plug and play for easy use

Product highlights

24 carat gold-plated connector

24 carat gold-plated connectors ensure the best signal quality for your components.

4-Cut connectors

4-Cut connectors ensure secure connections between your component and your cable.

100% aluminium shielding

This protective layer of aluminium guards against electromagnetic interference for improved signal quality.

Twisted high-purity OFC

This oxygen-free copper conductor provides the highest accuracy in signal transfer with minimal resistance.

Copper-braided shielding

This protective layer of copper blocks radio frequency interference for improved signal quality.

FPE Dielectric

Foam Polyethylene (FPE) dielectric is a superior insulation material that protects against signal loss.

Colour-coded connectors

Colour-coded connections make it easy to install your cable into the correct inputs and outputs

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play

Plug and play offers easy installation of components without time-consuming installations.
