

Performance Wireless Optical Mouse

USB, Four Buttons with Scroll Wheel, 2000 dpi

Part No.: **177795**

The Manhattan Performance Optical Mouse combines modern design with advanced precision and performance. Its top-mount push button instantly shifts resolution from 1000 to 2000 dpi to suit a wide range of applications, including routine computing tasks or computer games and editing requiring a fine touch. Its full-sized shape and four-button configuration provide direct access to essential commands with minimal wrist movement. A non-slip texture applied to critical surfaces helps provide a secure, comfortable grip. The remarkably small yet powerful USB micro receiver with 2.4GHz technology provides an effective range of up to 10 m (33 ft.) and stores in a special on-board compartment or remains installed for true wireless convenience. An auto power management helps maintain proper battery levels for reliable operation and a battery life up to 1.5 years.
