

MODELS: SPK811, SPK811W

These **Universal Wall and Ceiling Speaker Mounts** are designed for mounting most mini, satellite and bookshelf style speakers weighing up to 20 lb. With these mounts the speaker can be positioned anywhere in a room to achieve optimal sound quality. These mounts are ideal for home theater applications.

Features:

- Ball and socket design provides 75° of rotation for positioning the direction of the speaker
- Speaker wires can be hidden for a more aesthetically appealing installation
- Concealed mounting screws
- Can be assembled as a flush mount or used with 3" extension
- Includes hardware for wood studs, metal studs, concrete and drywall
- Fastener pack contains hardware for mounting most commercially available speakers
- Available in black or white (W)

Fasteners Included:

- Works with speakers that have single or multiple threaded inserts of the following sizes: 1/4-20, 4mm, 5mm, 6mm or 10-32*
 - Works with speakers that have a keyhole slot mounting interface
 - Includes small steel plates and woodscrews for speakers with no mounting interface
- * NOTE: Steel plates are also used on the speakers with multiple threaded inserts.
