1 Install

Important You need Windows XP Service Pack 2 to install and run this software.

In case you do not have this on your PC, you will be asked to install the Service Pack. Please do install this, complete the rest of your software installation and only then connect your device.

This is critical to ensure the proper working of your player when connected to the PC.

- 1 Insert the CD supplied with your product into the CD ROM drive of your PC.
- 2 Follow the onscreen instructions to complete the installation of **Windows Media Player**, **Media Converter for Philips** and **Philips Device Manager**.
- 3 If the installation program does not start automatically, browse the CD contents via **Windows Explorer** and run the program by double clicking on the file ending with .exe.

2 Connect and charge

A Connect to PC

- 1 Turn on the player.
- 2 Connect the player to PC as shown.
> The screen of the player indicates the connection with PC.

3 Transfer

A Transfer music and pictures with Windows Media Player 11

Download Windows Media Player11:

<http://www.microsoft.com/windows/windowsmedia/player/11/default.aspx>

- 1 Start **Windows Media Player 11**.
- 2 Connect the player to your computer using the supplied USB cable.
- 3 Once the player is connected, the sync tab changes as shown () and the device and its contents become visible in **Windows Media Player 11**(see figure above).
- 4 **Windows Media Player 11** will automatically start synchronizing the contents of your music library to your player.

For details on how to set synchronization options in **Windows Media Player 11**, pls refer to the user manual.

B Transfer video

- 1 Connect your player to the PC using the supplied USB cable.
- 2 Start **Media Converter for Philips**.

- 3 In the **Convert to:** option at the bottom of the screen, select **Current Device**, the content will be stored directly on the connected player.
- 4 Press **Add Media** to select the Video files to be transferred
OR
Drag and drop your video files from **Windows Explorer** into the white box shown.
- 5 Press **Convert**.

If needed, the files will first be converted to a format that the player can playback.
The conversion takes time and please be patient.

> All the converted files will be transferred to the player.
