- USB connection for video, photo and music playback
- Micro SD card slot for up to 32 GB of 16-hour HD videos

PHILIPS

Features

18 cm/7" TFT colour LCD (16:9)

The colour LCD display brings images to life, showing off your treasured photos, favourite movies and music with the same 'real life' rich detail and vibrant colours as high quality prints. The 16:9 widescreen aspect ratio is standard for universal to high-definition digital television. A native 16:9 aspect ratio means video display without bars at the top and bottom of the picture and without the quality loss than comes from scaling, altering an image to fit on a different screen size.

DivX Certified

With DivX® support, you are able to enjoy DivX encoded videos and movies from the Internet, including purchased Hollywood films. The DivX media format is an MPEG-4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW and DVD recordable discs, USB storage and other memory cards for playback on your DivX Certified® Philips device.

Full touchscreen

Operating your digital photo album is as easy as a flick or a touch of your finger. The full touchscreen lets you swap photos around, or add and delete photos quickly and easily. The icon-driven menu makes the Philips Digital

photo frame simple to use; the touchscreen makes it a joy to view and experience.

RMVB video playback

This Philips player supports video playback using RMVB, a digital video file format that is developed by Realnetworks™. Typically used for multimedia content, files using this format have the file extension ".rmvb". The digital format ensures high quality of still images and substantially improves the quality of movement images, hence enabling an optimal equilibrium between image quality and file size.

USB connection

Simply plug in your portable USB device to the USB connector on your Philips portable DVD player and playback your digital videos, music or photos directly. Now you can share your favourite moments with family and friends.
