Highlights

(c)UL and GS safety Certified

This mount meets and exceeds safety standards as certified by official certification organisations like (c)UL and GS.

All you need is in the box

The product is delivered with all the required accessories that allows the consumer to enjoy the product without having to return to the shop and buy a part that is required.

Easy 3 step installation

By using the 1-2-3 installation steps the mount can be easily installed by yourself with the confidence of a straight result (drill tools not supplied)

Exclusive arc design

The exclusive arc design incorporated in this wall mount allows you to adjust the levelling of the TV by simply sliding the TV sideways (patent pending).

High strength aluminium alloy

The innovative aluminium alloy materials used for the construction of this mount are of high strength and still lightweight. The high strength enables a small and safe design. The lightweight material characteristic results in decreased transportation efforts that help reduce environmental impact of this product.

For TVs up to 50 Kg/110 Lbs

This wallmount is certified for TVs up to 50 Kg/110 Lbs

VESA compliant

This product has near universal compatibility through its support for the VESA mounting patterns.

Screen sizes 81–107 cm/32–42"

The wall mount is capable of holding TVs with different screen sizes.
