- Wireless music streaming via Bluetooth
- Up to 8 hours' music playback

Simplicity in use

- Works with any Bluetooth-enabled device
- Built-in microphone for hands-free phone calls
- One cable for both charging and music playback

PHILIPS

Features

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of tangled power cords and the inconvenient search for an electrical socket. Enjoy great music with the freedom of portability now.

Bluetooth

Bluetooth is a short-range wireless communication technology that is both stable and energy efficient. The technology allows for easy wireless connection to other Bluetooth devices, so you can play your favourite music from any smartphone, tablet or laptop, including the iPod or iPhone, with a Bluetooth-enabled speaker.

Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favourite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

Built-in microphone

With its built-in microphone, this speaker also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or, call your friend from a party. Either way, it works great.

Charge and play in one cable

This Philips speaker comes with one cable for both battery charging and aux-in music playback. Conveniently eliminate cable clutter and enjoy uncompromised signal quality.
