Safety

This 'bolt of lightning' indicates uninsulated material within your unit may cause an electrical shock. For the safety of everyone in your household, please do not remove product covering.

The 'exclamation point' calls attention to features for which you should read the enclosed literature closely to prevent operating and maintenance problems.

WARNING: To reduce the risk of fire or electric shock, this apparatus should not be exposed to rain or moisture and objects filled with liquids, such as vases, should not be placed on this apparatus.

CAUTION: To prevent electric shock, match wide blade of plug to wide slot, fully insert.

Important Safety Instructions

- 1 Read these instructions.
- 2 Keep these instructions.
- 3 Heed all warnings.
- 4 Follow all instructions.
- 5 Do not use this apparatus near water.
- 6 Clean only with dry cloth.
- 7 Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8 Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9 Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10 Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11 Only use attachments/accessories specified by the manufacturer.
- 12 Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
- 13 Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14 Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- 15 Battery usage **CAUTION** – To prevent battery leakage which may result in bodily injury, property damage, or damage to the unit:
 - Install all batteries correctly, + and - as marked on the unit.
 - Do not mix batteries (old and new or carbon and alkaline, etc.).
 - Remove batteries when the unit is not used for a long time.
- 16 Batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like.
- 17 Apparatus shall not be exposed to dripping or splashing.
- 18 Do not place any sources of danger on the apparatus (e.g. liquid filled objects, litged candles).
- 19 This product may contain lead and mercury. Dispose of these materials may be regulated due to environmental considerations. For disposal or recycling information, please contact your local authorities or the Electronic Industries Alliance: www.eiae.org.
- 20 Where the MAINS plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.

Warning

- Never remove the casing of this apparatus.
- Never lubricate any part of this apparatus.
- Never place this apparatus on other electrical equipment.
- Keep this apparatus away from direct sunlight, naked flames or heat.
- Ensure that you always have easy access to the power cord, plug or adaptor to disconnect the apparatus from the power.

Notice

Any changes or modifications made to this device that are not expressly approved by Philips Consumer Lifestyle may void the user's authority to operate the equipment.

Notice for the USA

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Relocate the receiving antenna.
- Increase the separation between equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The set complies with the FCC-Rules, Part 15 and with 21 CFR 104.10. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications. This Class B digital apparatus complies with Canadian ICES-003.

Disposal of your old product and batteries

Never dispose of your product with other household waste. Please inform yourself about the local rules on the separate collection of electrical and electronic products and batteries. The correct disposal of these products helps prevent potentially negative consequences on the environment and human health.

Your product contains batteries, which cannot be disposed of with normal household waste.

Please inform yourself about the local rules on separate collection of batteries. The correct disposal of batteries helps prevent potentially negative consequences on the environment and human health.

Please visit www.recycle.philips.com for additional information on a recycling center in your area.

Environmental information

All unnecessary packaging has been omitted. We have tried to make the packaging easy to separate into three materials: cardboard (box), polystyrene foam (buffer) and polyethylene (bags, protective foam sheet).

Your system consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.

"Made for iPod" and "Made for iPhone" mean that an electronic accessory has been designed to connect specifically to iPod or iPhone, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod or iPhone may affect wireless performance.

iPhone, iPod, iPod classic, iPod nano and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries.

Note

- The type plate is located on the bottom of the apparatus.

Register online at www.philips.com/welcome today to get the very most from your purchase.

Registering your model with PHILIPS makes you eligible for all of the valuable benefits listed below and also visit our website at www.philips.com/welcome to ensure:

***Product Safety Notification**

By registering your product, you receive notification - directly from the manufacturer.

***Additional Benefits**

By registering your product, guarantee that you'll receive all of the privileges to which you're entitled, including special money-saving offers.

PHILIPS

Congratulations on your purchase, and welcome to the "family!"

Dear PHILIPS product owner:

Thank you for your confidence in PHILIPS. You've selected one of the best-built, best-backed products available today. We do everything in our power to keep you happy with your purchase for many years to come.

As a member of the PHILIPS "family," you're entitled to protection by one of the most comprehensive warranties in the industry. What's more, your purchase guarantees you'll receive all the information and special offers for which you qualify. Plus, easy access to accessories from our convenient home shopping network.

Most importantly, you can count on our uncompromising commitment to your total satisfaction.

All of this is our way of saying welcome - and thanks for investing in a PHILIPS product.

Know these safety symbols

The "bolt of lightning" indicates uninsulated material within your unit may cause an electrical shock. For the safety of everyone in your household, please do not remove product covering.

The "exclamation point" calls attention to features for which you should read the enclosed literature closely to prevent operating and maintenance problems.

WARNING: To reduce the risk of fire or electric shock, this apparatus should not be exposed to rain or moisture and objects filled with liquids, such as vases, should not be placed on this apparatus.

CAUTION: To prevent electric shock, match wide blade of plug to wide slot, fully insert.

ATTENTION: Please enter the date above, insert the battery (also large) in the slot and the battery compartment in the price or power supply box.

PS. To get the most from your PHILIPS purchase, be sure to register online at:

PHILIPS LIMITED WARRANTY

ONE (1) YEAR

WARRANTY COVERAGE:
Philips warrants obligation is limited to the terms set forth below.

WHO IS COVERED:
Philips warrants the product to the original purchaser or the person acquiring the product to a gift-giving relative in normal and ordinary use. The warranty is based on the date of original purchase ("Purchase Date") and is not transferable. The original retail receipt showing the product name and the purchase date from an authorized dealer is considered proof of purchase.

WHAT IS COVERED:
The Philips warranty covers any product if it fails to perform or work properly under normal use and a valid claim is received by Philips within the Warranty Period. In addition, Philips will either (i) repair the product at no charge, only new or refurbished replacement parts or (ii) exchange the product with a product that is new or which has been manufactured from new, or substantially new parts and is to be functionally equivalent or more. Philips warrants replacement product or parts provided under this warranty against defects in materials and workmanship from the date of the replacement or repair for ninety (90) days or for the remaining portion of the original product's warranty, whichever provides greater coverage for you. When a product or part, or other information stated on any media contained within the product, is not covered under the Limited Warranty, Philips will provide a replacement product or part, or other information stated on any media contained within the product, if the product or part has been modified without the written permission of Philips.

Replacement product can only be used if all warranty requirements are met. Failure to follow all requirements can result in delay.

WHAT IS NOT COVERED - EXCLUSIONS AND LIMITATIONS:
This Limited Warranty applies only to the new products manufactured by or for Philips that can be identified by the trademark, trade name, or logo affixed to it. This Limited Warranty does not apply to any non-Philips hardware products or any software, even if packaged or sold with the product. Non-Philips manufacturers, suppliers, or providers may provide a separate warranty for their products. Philips does not warrant or assume any responsibility for the use of the product or for the use of any program, data, or other information stored on any media contained within the product, or for any non-Philips product or part not covered by this warranty. Recovery or reinstatement of programs, data or other information is not covered under the Limited Warranty.

This warranty does not apply (a) to damage caused by accident, accident, fire, lightning, flood, theft, misuse, or other causes of damage, or (b) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (c) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (d) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (e) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (f) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (g) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (h) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (i) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (j) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (k) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (l) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (m) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (n) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (o) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (p) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (q) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (r) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (s) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (t) to damage caused by use of the product in a manner not intended by Philips or for which the product was not designed, or (u) to damage caused by use of the product in a manner not intended by Philips
