

CM850

Display size
32"-60"*

Max load
150lb (68kg)

Corner Mount

FOR 32" TO 60"* DISPLAYS

The industry's first mount designed for direct corner mounting — only from Peerless-AV®. With its pull-out pivot capability of 11.18" (284mm), the CM850 easily adapts to wider displays with no need for wall mount repositioning. Enjoy perfect viewing from all angles with this flexible corner mount model that pulls-out, swivels, and tilts. Display attachment plate accommodates speakers when used with smaller flat panels. Out of the way, but still in clear view, the direct corner mount is the perfect solution for displays mounted directly to the corner.

The CM850's flexible design allows users to easily find the perfect viewing angle, from any direction, with its ability to pull-out, swivel, and tilt.

Additional Features

- ✓ Allows display to be mounted directly in to the corner
- ✓ Includes SmartMount® Pull-Out Pivot Mount (SP850-UNL)
- ✓ Extendable arms accommodate multiple display sizes without having to adjust wall unit placement
- ✓ Universal models adapt to displays with mounting holes up to 600 x 400 (23.62" W x 15.75" H)
- ✓ The I-shaped adaptor plate's innovative design helps avoid blocking connections on the back of display
- ✓ Extends up to 11.18" (284mm); pull-out pivot with up to 90° rotation; 0°, 5° or 10° lockable tilt
- ✓ Accommodates speakers when used with smaller displays (wall unit may be visible with some smaller displays)
- ✓ Optional shelving available for AV components

* The maximum size display that can fit on the CM850 with full functionality cannot have a width greater than 54".

The CM850 can accept a display with a maximum width of 71" when the mount is fully extended with 0° tilt.

Wall units accommodate speakers when used with smaller displays

Patented. Utility Patent No. 7,823,850; 8,517,322.
