DAB+

Harmony

DCB7005

Enjoy high fidelity music

with Hi-Fi dome tweeters

This Philips DCB7005/10 docking micro system looks great and sounds even better. Its Hi-Fi dome tweeters deliver detailed and natural sound - whether you are listening to clear DAB+ radio or playing music from your iPod/iPhone/iPad.

Enrich your sound experience

- Hi-Fi dome tweeter for detailed and natural sound
- Class 'D' digital amplifier for quality sound performance
- Treble and Bass Control for easy high and low tone settings
- Gold-plated speaker connector for finest signal transmission
- 100 W RMS total output power

Enjoy your music from multiple sources

- Play and charge your iPod/iPhone/iPad
- DAB and FM compatible for a complete radio experience
- Play MP3/WMA-CD, CD and CD-RW
- USB Direct for MP3/WMA music playback
- MP3 Link for portable music playback

Premium finishing with noble materials

- Aluminium cabinet for quality look and feel

PHILIPS
sense and simplicity

Highlights

Treble and Bass Control

Treble and bass are equalizer features that control the high and low frequency sound levels of your audio respectively. Treble specifically regulates the amplification of the high tones in the music, while bass controls the amplification level of the low tones. Using the up and down keys, the listener can conveniently place more or less emphasis on the low and high tones, or leave treble and bass flat to play back music according to its original recorded setting. Treble and Bass Control lets you listen to your music the way you like it.

MP3 Link

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favourite music in the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player into the audio system.

USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

Class 'D' Amplifier

The Class 'D' Digital Amplifier takes an analogue signal, converts it into a digital signal and then amplifies the signal digitally. The signal then enters a demodulation filter to give the final output. The amplified digital output delivers all the advantages of digital audio, including improved sound quality. In addition, the Class 'D' Digital Amplifier has over 90% efficiency compared to traditional AB amplifiers. This high efficiency translates into a powerful amplifier with a small footprint.

Play and charge iPod/iPhone/iPad

Enjoy your favourite MP3 music while charging your iPod/iPhone/iPad! The dock lets you connect your portable device directly to the Philips system so you can listen to your favourite music in superb sound. It also charges your iPod/iPhone/iPad while it plays so you can enjoy your music and not have to worry about

your portable player battery running out. The system automatically charges your portable device while it is docked.

Gold-plated speaker connector

The gold-plated speaker connector ensures better audio signal transmission compared to traditional click-fit connections. It also minimises the electrical signal loss from the amplifier to the speaker box, resulting in sound reproduction that's as close to reality as possible.

DAB and FM compatible

DAB (Digital Audio Broadcasting) digital radio is a new way of broadcasting radio, in addition to FM analogue transmission, via a network of terrestrial transmitters. It provides listeners with more choices and information delivered in clear, crackle-free sound quality. The technology allows the receiver to lock on to the strongest signal it can find. With DAB digital stations there are no frequencies to remember, and sets are tuned by station name, so there is no retuning on the move.

Specifications

Sound

- Output power (RMS): 2 x 50 W
- Sound Enhancement: Treble and Bass Control, Class "D" Digital Amplifier, Loudness

Loudspeakers

- Loudspeaker types: Dome tweeter
- Main Speaker: 5" woofer, 2-way, Bass Reflex Speaker System, Speaker grilles detachable
- Loudspeaker enhancement: Gold-plate speaker connectors

Audio playback

- Disc playback modes: fast forward/reverse, next/previous track search, repeat/shuffle/programme
- Docking playback modes: fast forward and reverse, menu, up and down, next and previous track, play and pause
- USB Direct playback modes: fast reverse/fast forward, play/pause, previous/next, repeat, shuffle, stop
- Playback media: CD, CD-R/RW, MP3-CD, WMA-CD, USB flash drive
- Others: ID3-tag support

Tuner/Reception/Transmission

- DAB: Info display, Menu, Smart Scan
- Tuner bands: FM mono, FM stereo
- RDS: station name, programme type, radio text, RDS clock set
- Station presets: 20
- Antenna: FM antenna (75 ohm)
- Tuner enhancement: Easy set (plug and play), auto digital tuning, auto scan

Connectivity

- Front/Side connections: USB 2.0
- MP3 Link: 3.5 mm stereo line in
- Headphones: 3.5 mm
- Rear Connections: AUX in, Line out, FM Antenna, DAB antenna, Left and right speakers

Convenience

- Alarms: CD Alarm, Radio Alarm, USB alarm, iPod

Alarm

- Clock: On main display, sleep timer
- Display Type: VFD display
- Indications: DIM mode
- Charging device: iPad, iPhone, iPod
- Loader type: tray

Accessories

- Included accessories: AC Power Cord, 3.5 mm stereo line-in cable, FM antenna, DAB antenna
- Remote control: 44-key remote with 2 x AAA batteries
- User Manual: English, German, French, Danish, Norwegian, Italian

Dimensions

- Main unit width: 250 mm
- Main unit height: 92 mm
- Main unit depth: 285 mm
- Main speaker dimensions (W x D): 174 x 240 mm
- Main speaker height: 260 mm
- Packaging width: 425 mm
- Packaging height: 441 mm
- Packaging depth: 310 mm

Power

- Power supply: 220-240 V, 50 Hz

iPad compatibility

- Compatible with: iPad

iPhone compatibility

- Compatible with: iPhone, iPhone 3G, iPhone 3GS, iPhone 4

iPod compatibility

- Compatible with: iPod classic, iPod mini, iPod nano 1st Generation, iPod nano 2nd Generation, iPod nano 3rd Generation, iPod nano 4th Generation, iPod nano 5th Generation, iPod nano 6th generation, iPod touch, iPod touch 2nd Generation, iPod touch 2nd Gen 8/16/32 GB, iPod touch 3rd generation, iPod touch 4th generation, iPod 5th Generation
