HP 2.4G Wireless Optical Mouse featuring Vivienne Tam 'Butterfly Lovers' design

Functionality and elegance.

Small in size, but a heavy-weight in functionality, this wireless mouse with optical sensor is packed with features, including four buttons (two primary buttons, clickable scroll wheel and a document flip button), and a 2.4 GHz USB wireless receiver.

- **Works far and wide.**
Advanced 2.4GHz wireless technology keeps you connected and lets you work from further away, with less interference and a longer range of operation.
- **Travel with confidence.**
From desks to boardrooms and beyond, work with confidence on a variety of surfaces, thanks to the optical sensor with adjustable sensitivity (1250 CPI default, 1750 CPI max).
- **Keep it together when you're on the road.**
You'll never lose a receiver again! The micro-receiver is so small you can conveniently leave it plugged into your notebook or store it inside the mouse, always ensuring they stay together.
- **Get a grip.**
With rubber sides and a special symmetric design, you're assured a comfortable and secure grip in both your left and right hands.
- **Run without slipping.**
Scroll up, down, left and right smoothly and securely, thanks to the smooth scroll wheel's middle rubber trim.

- **Compatibility:** Compatible across all notebook and desktop platforms
- **Recommended system requirements:** Available USB port; Microsoft Windows XP/Vista/7
- **Power:** Optical sensor, 1250 CPI default, 1750 CPI max; 4 buttons: two primary buttons, clickable scroll wheel and a document flip button; USB wireless receiver at 2.4 GHz
