

D-Link®

Wireless N 150 Micro USB Adapter DWA-121

What this product does

The D-Link Wireless N 150 Micro USB Adapter features Wireless N 150 technology to provide a better wireless signal for your network, with speeds of up to 3 times faster than the previous generation Wireless G.

The benefits of Wireless N 150

Wireless N 150 technology offers more speed, extended coverage and virtually no dead spots than the previous Wireless G standard. This adapter transfers data at speeds of up to 150 Mbps. With 'touch of a button' security built-in, you are safe to shop and bank online, anywhere in your home.

DE DEUTSCH

- Kompakt und unauffällig
- Drahtlos bis zu 150 Mbit/s
- Sichern Sie Ihr Netz mithilfe der fortschrittlichsten Verschlüsselungstechnik

FR FRANÇAIS

- Compact et discret
- Vitesse sans fil atteignant 150 Mbits/s

This product is suitable for EU member states and European countries as marked. Important Notice: This is for products operating in the 5GHz band (indoor) and 2.4GHz (indoor and outdoor) for Home and Office environments. Please refer to addendum/manuals for full details on restrictions.

Maximum wireless signal rate derived from IEEE Standard 802.11. Actual data throughput will vary. Network conditions overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range. Wireless range and speed rates are D-Link RE-LINE based on D-Link Wireless N devices. Computer must adhere to Microsoft's recommended System Requirements. Using a USB 1.1 port will affect device performance. USB 2.0 port recommended. D-Link Corporation declares that this wireless LAN device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. Product specifications, size and shape are subject to change without notice. D-Link is a registered trademark of D-Link Corporation. All rights reserved. ©Copyright 2012. All rights reserved.
