Highlights

Charge from a car's 12 V outlet

The compact charger plugs into a car's 12 V outlet, and connects to your device for easy and convenient charging on the road.

LED power-indicator light

The discreet LED light glows softly to let you know at a glance that the unit is charged.

Fast charging

Don't sit around waiting for your device to charge! The power output of this charger ensures your device is fully charged in a shorter amount of time compared to standard, less powerful chargers.
