Technical features

- HP ColorSphere toner — high gloss delivers a dynamic range of bright, brilliant colours.**
- With a unique toner particle design, HP ColorSphere toner accomplishes uniform, high gloss. Gloss enables a dynamic range of bright, brilliant colours. The result is bold graphics and realistic images that enable photo-quality business printing.
- HP ColorSphere toner produces a fine range of colours for subtle transitions, realistic images.**
- HP ColorSphere toner produces a fine range of colours. To ensure extreme precision in the printing process, HP's colour toner uses advanced toner formulation technology. Each toner particle that is produced conforms to an extremely consistent size and shape, allowing the particles to be placed on the page with the precision that is needed to produce a wide range of colours with even the most subtle differences of shade. With this precision, you get high-impact photo-quality business printing.
- Enjoy fast print speeds without sacrificing print quality — enabled by HP ColorSphere toner.**
- HP ColorSphere toner particles are scientifically developed around a perfectly sized wax core designed to work with HP's instant-on fusing technology for faster image processing with optimum results.
- Managing supplies is easy with HP Smart printing technology and HP SureSupply.**
- Innovative HP Smart printing technology makes HP printing supplies easy to replace and reorder. HP supplies and your printers exchange information to provide a snapshot of supplies across printers, providing timely status and alerts. The supplies that are needed are then consolidated into a single order. All you do is choose your preferred reseller and place your order online using HP SureSupply*.
- HP's all-in-one print cartridge design and HP ColorSphere toner for easy, reliable operation.**
- HP Color LaserJet print cartridges comprise up to 70% of your printer's imaging system. To make the system easy to use and to ensure legendary HP reliability, the proven all-in-one cartridge is designed for simple operation, incorporating the toner and imaging drum in one supply. HP ColorSphere toner is formulated to enhance this design, to make this critical component even more reliable. The result is consistently sharp black text and rich colour.
