Driving Technology Through Innovation

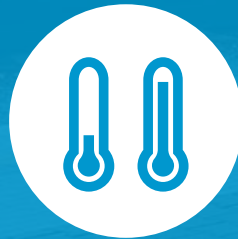

PRODUCT FEATURES

WEATHERPROOF TECHNOLOGY

With an IP66 Rating & a patented Dynamic Thermal Transfer System™, the Xtreme™ High Bright Display is fully sealed, maintenance-free with no fans, vents or filters, & fully protects against water, dust, moisture & insects.

BEST-IN-INDUSTRY TEMPERATURE RANGE

With an operating temperature range of -31°F to 140°F, the Xtreme™ High Bright Display is designed to thrive outside year-round, without worry of extreme hot or cold temperature waves.

RESILIENT IK10 RATED SAFETY GLASS

The Xtreme™ High Bright Display's robust IK10 Rated, anti-reflective, impact resistant safety glass fully protects the screen against vandalism & debris.

APPLICATIONS

The perfect digital signage or entertainment solution for any professional application.

MASS TRANSIT | QSR | STADIUMS

model numbers: **XHB652 (65")**

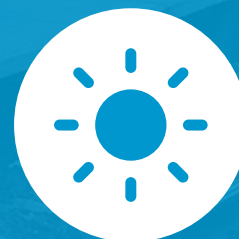

TRULY SUNLIGHT READABLE

The Xtreme™ High Bright Display is optically bonded which increases the perceived contrast ratio & cuts down on glare, providing amazing picture quality, even in direct sunlight.

MANAGED SERVICES COMPATIBLE

Remote & local monitoring is supported via IP Addressable user interface, allowing network operation centers the ability to view real-time diagnostics & measure proof of performance of Xtreme™ High Bright Displays.

HIGH BRIGHT OUTPUT

The Xtreme™ High Bright line of commercial displays offer 2500nits of light output to combat high ambient lighting conditions. The Ambient Light Sensor automatically adjusts brightness, which optimizes the display's power consumption & enhances the viewing experience.

Refer to product sell sheets for technical information.

OUTDOOR SOLUTIONS

Peerless-AV® is a one-stop-shop for all your professional outdoor AV needs.

DISPLAY MOUNTS

If the included Peerless-AV® Outdoor Flat Wall Mount does not meet your mounting requirements, Peerless-AV offers additional options. Mount your display outdoors with confidence using our corrosion resistant E-Coat finish and stainless steel hardware.
