PHILIPS

Highlights

Built-in GPS

Keep track of where you are, find locations and discover new places quickly and easily! With a valid map, your phone's built-in GPS receiver can help you navigate your way.

Bluetooth stereo music

Your Philips mobile phone supports A2DP Bluetooth Profile. It lets you enjoy your favorite tunes wirelessly and in high quality stereo music from your Bluetooth headphones.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD

memory card into the built-in memory card slot of your phone.

Dual mode (EVDO and GSM)

Your Philips mobile phone incorporates both UIM and SIM cards to allow you access to EVDO and GSM network connections at the same time. Now you can enjoy wider mobile coverage on two networks with just one phone.

8.1 cm/3.2" WQVGA touch screen

Enjoy brilliant colors and vibrant images like never before with your phone's large 8.1 cm (3.2") WQVGA TFT display. Revel in intuitive

navigation and discover a world of mobile possibilities - with just a touch.

Motion sensor

With motion sensor, you can enjoy fun interaction with your Philips mobile phone. Silence a ring or an alarm by turning it over, or shuffle the quick menu by shaking it. Or play action games by tilting your phone.

3.2 megapixel autofocus camera

Capturing memorable moments clearly is as simple as pointing and shooting. The autofocus feature works automatically to capture a clear and sharp image when you press the camera button.

Speedy EVDO internet surfing

Want to access the web on your mobile phone with broadband-like speed? All you need is a valid service subscription from your network operator and the right phone settings - and you're ready to surf!
