PHILIPS

Highlights

2000 Watt motor

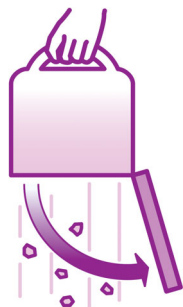

This powerful 2000 Watt motor generates max. 350 Watt suction power for excellent cleaning results.

Indicator light

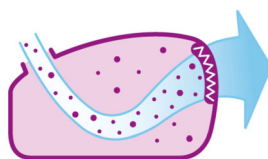

The indicator light turns on when the bucket is full and needs to be emptied. Emptying and cleaning the bucket and the filter will ensure you to keep the optimum cleaning performance.

One-button release system

The closed dust container of the Philips bagless vacuum cleaner can be emptied by the bottom by the simple push of a button.

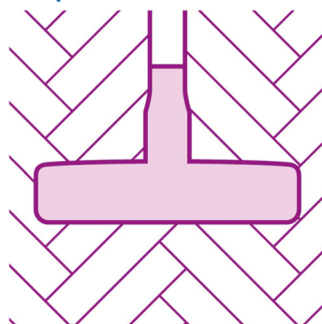

HEPA filter

HEPA filter

This HEPA filter catches harmful microscopic vermin that causes respiratory allergies. To maintain effective filtration, replace the HEPA filter every 6 months.

Parquet nozzle

No more risk of scratches thanks to this nozzle with soft brush hairs, especially designed to carefully clean your hard floors.
