Super Lift & Cut action

The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

40+ shaving minutes

An energy-efficient, powerful lithium-ion battery gives you more shaves per charge. You'll have 40+ minutes of shaving time – that's around 14 shaves – after 8 hours of charging. Plug it in for 3 minutes and you'll have enough power for one shave.
