

Product Highlights

Total Compatibility

Works with any Wi-Fi certified device, giving you peace of mind and performance

Increased Speed And Range

Wireless N 150 technology gives you increased speed and range over 802.11g/b

Easy Configuration

Use the Quick Setup Wizard and Wi-Fi Protected Setup™ (WPS) for easy, automatic connection to a wireless network

DWA-125

Wireless 150 N USB Adapter

Features

High Speed Wireless Technology

- Wireless N 150 technology give you increased speed and range over 802.11g/b

Total Wireless Security

- Connect to wireless networks securely using the latest encryption methods
- Supports WPA2 encryption for high-level wireless security
- Use Wi-Fi Protected Setup to establish a secure connection with the press of a button

Compact and Portable

- Take the power of Wireless with you wherever you go
- Small design to stay out of your way

The DWA-125 Wireless N 150 USB Adapter delivers high performance wireless networking to a laptop or desktop PC via the ultra-fast USB 2.0 interface. Once connected, you can share a high-speed Internet connection while also having access to shared documents, music, and photos on your network

High-Speed Wireless Networking

Based on Wireless N technology with a single antenna, the DWA-125 achieves wireless speeds of up to 150 Mbps which offers increased speed and range over the 802.11g/b standard giving you a faster, more reliable wireless connection and extended coverage with virtually no dead spots. It is compatible with newer Wireless N and widespread Wireless G technologies and even works with Wi-Fi certified third party routers or Access Points.

Secure connection

To protect your data and privacy, the Wireless N 150 USB Adapter supports WEP, WPA, and WPA2 encryption, allowing you to connect to a secure wireless network, keeping your network traffic secure. With Wi-Fi Protected Setup (WPS), all you have to do is push a button to automatically create a secure wireless connection to your router, avoiding complicated settings.

Compatibility Assurance

The Wireless 150 USB Adapter provides a high-speed connection to other Wireless 150 or 802.11n devices and is backward compatible with 802.11g/b, ensuring compatibility with a wide range of wireless routers and networks.

Easy to install and connect

D-Link's Quick Setup Wizard available in 18 languages ensures an easy setup process so you can get connected quickly. The Wireless Manager is included with this product to keep track of all of the most frequently accessed networks. A USB cable and cradle are supplied, which allow the position of the adapter to be adjusted for convenience and to achieve the best levels of reception.

Easy Configuration

Quick Setup Wizard and Wi-Fi Protected Setup™ (WPS) for automatic configuration and easy addition to a wireless network

Functions & Features

General Specifications

Hardware	• Up to 150 Mbps wireless speeds • 2.4GHz frequency band • Compatible with 802.11g and 802.11n wireless networks	• Integrated internal antenna • Fast USB 2.0 connection to notebook/desktop computer
Security	• 64/128-bit WEP data encryption • Wi-Fi Protected Access (WPA/WPA2-PSK, WPA/PA2-EAP)	• 802.1x
Antenna type	• Integrated Antenna	
Standards	• IEEE 802.11n • IEEE 802.11g	• IEEE 802.11b • USB2.0

Requirements

Operating Systems	• Windows 8, 7, 2000 (SP4), Vista (32 or 64-bit), XP (SP2 and above)
Frequency Range	• 2.4GHz to 2.4835GHz

Physical

Dimensions	• 88.5 x 28 x 12 mm (3.5 x 1.1 x 0.5 inches)
Weight	• 12 grams
Operating Voltage	• 5VDC +/- 5%
Power	• External DC 12 V / 3 A switching power supply
Temperature/Humidity	• Operating: 0 to 40 °C (32 to 104 °F) • Storage: -20 to 65 °C (-4 to 148 °F) • 5% to 95% non-condensing
Certifications	• CE • FCC Class • Wi-Fi • C-Tick • IC • WPS Certified
