

LCD Ceiling Mount For 13"-29" Screens

NEW!

*Optional cable
management covers*

*Front View
with Covers*

The slim design of Peerless' new LCD Ceiling Mount offers the ideal low profile mounting solution and enhances the professional look of any 13" to 29" LCD screen. The slender adjustable extension column minimizes the mount's appearance while maximizing the screen's presence in any room. Optional cable management covers offer dual cable management paths allowing for separation of high/low voltage cables and provide a sleek, stylized veneer for a contemporary look. The LCD Ceiling Mount comes partially pre-assembled for a fast and easy installation. VESA 75/100 adapter plate (included) and accessory non-VESA adapter plates (sold separately) are supported by all LCC models. The mounts design allows the screen to be mounted in standard position or facing the floor with the option of portrait or landscape orientation making this mount ideal for dental offices, medical facilities and digital signage applications.

- Features standard or face down mounting positions, ideal for dental offices, medical facilities, and digital signage
- Models with optional cable management covers offer dual cable management paths allowing for separation of high/low voltage cables
- 360° swivel allows fast and easy viewing angle adjustment
